VOICE OF THE STUDENT BODY

Vol. 3

MARCH 1952

No. 5

STUDENT BODY OFFICERS 1952-53

The annual election of student body officers held March 5, gives two members from the junior class and two members from the sophomore class the honor and responsibility of guiding student affairs for the 1952-53 school year. Elected and shown above left to right are: president, J. A. Boucher, Vancouver, B.C.; vice president, Herbert Shepard, Portland; secretary-treasurer, Mrs. Hazel Faylor, Portland; student body representative, Ron King, Portland.

Obesity...

A Problem You Discuss Frequently in Your Daily Practice

One of the most perplexing problems you have today is the obese patient who will not, or cannot, remain on a strict diet.

Investigational and clinical work has shown that to effect a loss of weight in the obese without interfering with their psychologic makeup one must offer them biologic products which meet the following criteria: no caloric value, sufficient volume to create the sensation of fullness, no interference with the digestive activities of the intestinal tract, and no physiologic or psychologic side effects. Woodard Laboratories' DU-SO-TABS formula conforms with these criteria because of the hydrophilic substances contained in the uncoated tablets; when mixed with water these materials increase to many times their original weight, thereby giving the "filling" and "satisfying" feeling and reducing the tendency toward constipation which often accompanies the reducing regimen. With this formula the appetite of the obese remains unchanged but is appeased by smaller quantities of food, therefore a strict diet is not necessary. Included in this formula are coated tablets containing 24 vitamins and minerals which are particularly essential with the reduced food intake. These ingredients have no caloric value and are not fat producing.

The DU-SO-TABS formula is supplied only through the physician. Available in a package for a two week regimen, listing at \$4.00, and a package containing a month's supply at \$7.00, list.

Legal Counsel Report

By FRANK E. DAY

The office of Legal Counsel to your association has, at this writing, been in operation 4½ months. It is our desire to make report and evaluation, although it may be too early to make any definite observations.

Your attorneys have been called on to render personal legal services in several instances. Each was concluded to the satisfaction of the doctor involved, we believe, and payment for services was made privately.

This office has been asked for three written opinions, two of which have been rendered, the other is still pending.

We have met with various committees and groups of the association to plan strategy, discuss possible legislative activity, and have been called upon for advice and counsel by the members of the Chiropractic Board.

We have recently been successful in obtaining recognition, by the Pacific Mutual Life Insurance Co. of Los Angeles, of Chiropractors as "duly licensed physicians" within the meaning of their contract of insurance. It would not be fair to take the credit exclusively unto ourselves for this accomplishment. Much of the credit belongs to Dr. W. A. Budden, Director of Western States College, who helped immeasurably in the successful conclusion of the matter.

It would be appropriate here to mention that in all things this office has been called upon to perform the extreme friendly cooperation by Drs. Budden, Dunham, Gallagher, Klier, McCarthy, Peffley, Rutz, Von Pier and Wood and in fact many others.

At present there is pending a dispute with another insurance company over the interpretation of their clause: "duly licensed physician." The details in the case will be discussed at a later time after the conclusion of the matter. To discuss it now would serve no useful purpose and might impede negotiations.

We deem it a real privilege and pleasure to be associated with your profession and sincerely look forward to serving you in the future.

The subscription rate of the SynErgist is \$1.50 per year on a voluntary basis.

Tells Candidacy

Dr. Wm. J. Gallagher will submit to the Republican voters of Multnomah County his candidacy for nomination at the May primary for Representative in the State Legislature. Dr. Gallagher needs no introduction to the drugless physicians throughout the state for they all knew him from his past record as an energetic man with a will and capacity to work for the betterment of the professions. His activities in civic affairs has won the admiration and respect of the citizenry, this being evidenced by the large enthusiastic lay committee that encouraged him to file for the above office. He is a member of the City Club of Portland, Exchange Club, Optimist Club, Lions Club, S. E. Portland Chamber of Commerce (Board of Directors) and now holds the office of Treasurer of Pal, Inc., a progressive organization engaged in the prevention of juvenile delinquency. "Gallagher for Representative" should be the slogan of all who are interested in having a man in the State Legislature who will earnestly represent the people.

Subscribers

Voluntary contributions have been received this month from:

DR. FRANK P. RUTZ, Portland, Ore.
DR. JOHN D. KIEFFER, Gooding, Idaho.
DR. C. E. ALBERT, Great Falls, Mont.
DR. WALTER B. RICH, Multnomah, Ore.
DR. GORDON V. PEFFLEY, Portland, Ore.

... for their SynErgist subscription this school year. Have you made yours?

Commencement

Seniors, on March 27th you will be taking the following oath in your graduation exercises:

"I swear that according to my ability and my judgment I will keep this oath and this stipulation — to reckon those who taught me this art dear to me as my parents; To live an honorable and upright life, to give to the care of every patient, rich or poor, all the skill and ability of which I am capable; To relieve pain and to heal the sick according to the tenets of the profession I am about to enter. To administer to all regardless of color, race or creed. To strive with all my power to uplift my profession and to refrain from any act or deed which shall bring dishonor upon it."

With your affirmation of these solemn words and with the act of your investiture, you a new graduate of Western States College will be launched upon your career.

This column hopes that, as each of you go out to your respective communities, that you will never forget the four years that you have spent here and will forever be concerned about continual improvement of our College and will devote some of your efforts toward it. Application of the philoso-

phies and methods that you have garnered while here are bound to make you successful practitioners.

And so with the approach of March 27, your graduation day, your friends—the student body, the faculty and management wish for you everything good, and as our Director has so aptly put it, "May you flourish as the green bay tree and may your shadow never grow less."

Thank You

This column is sure that the entire student body agrees that the Student Council during the term from March 1951 to March 1952 did a swell job in attempting to make our school life a happier and more agreeable one. More students than ever before participated in our Student Government, in that committees were made the functioning part of the council. We say that the more people who participate, even on minor councils, the better our school life will be. So let's give a special vote of thanks to our 1951-1952 Council, especially Don Mattson, Brad Starts, Joe Boucher and LeRoy Nickila, and give even more encouragement and aid to the council just elected to serve us in the 1952-1953 year. They need your help — Get in and dig!

OCCIPITAL BONE CORRECTION

With patient prone, palpation reveals occipital bone inferior on one side while temporal bones are equal. The occipital bone will also be posterior on inferior side (usually the left) and suture on same side will be also posterior. Tenderness and muscle cording will be found on same side.

CORRECTION:

Position of patient: Prone with head turned so posterior inferior side of occipital is uppermost.

Position of adjustor: At side of table opposite to the way patient is facing (R. side for L.P.I. occipital).

CONTACT:

Side of pisiform against inferior margin of occipital bone near junction with temporal. Fingers of contact hand point same direction as patient's chin.

Other hand: Grasps wrist of thrust hand.

THRUST:

Given with a forward swinging action of the elbow, pivoting at the finger tips and shoulder socket.

DIRECTION OF THRUST: Superior and anterior.

DEPTH OF THRUST:

Limited. Approximately one inch thrust.

SPEED OF THRUST:

Explosive.

Remarks: Repeat several times successively until palpation reveals satisfactory correction.

CORRECTING OLECRANON PROCESS SLIPPED MEDIALY

This type of slip may cause symptoms at shoulder, elbow or wrist.

POSITION OF PATIENT:

Seated or standing with arm to be corrected extended in front palm upward.

POSITION OF ADJUSTOR:

Facing patient. Grasp patient's wrist (patient's right with adjustor's left).

CONTACT:

The medial side of the olecranon process with the base of index finger of adjustor's other hand.

DIRECTION OF THRUST:

Directly lateral. No thrust must be given with hand holding wrist.

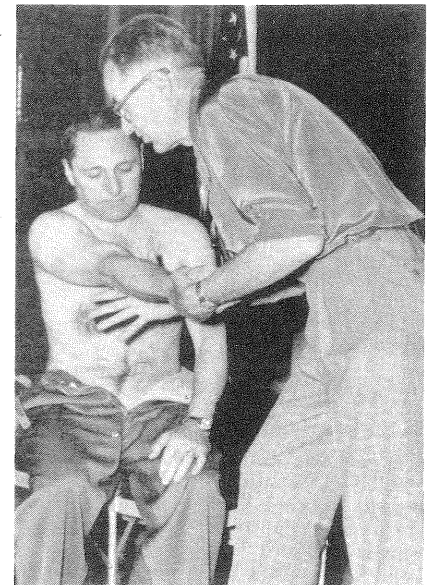

DEPTH OF THRUST:

Very limited.

SPEED OF THRUST:

Spontaneous.

To correct an olecranon process slipped laterally reverse hands and direction of thrust.

OACP JOURNAL

DR. GORDON V. PEFLEY, Editor

Tri-District Meeting Salem, April 19-20

The annual Tri-District Educational Meeting, sponsored by Districts 2, 3 and 8, will be held this year at the Senator Hotel, Salem, starting at 2 p.m. Saturday, 19 April. All OACP members, students at Western States College, and their wives are invited to attend.

Dr. Ralph Schmidt, Silverton, is the General Chairman, and Dr. John Ahlbin is Program Chairman. The educational session will be held from 2 to 5 p.m. on Saturday, and from 9 to 12 noon on Sunday. The banquet will be held at 6:30 p.m., followed by the OACP Executive Board meeting at 8 p.m., to which all members are invited.

These Tri-District Educational Meetings (North and South), which are held each spring and fall, in conjunction with OACP Executive Board Meetings, have been growing in size and interest each time they are held. This is particularly true since it was decided to hold both the Convention and Symposium at Western States College, in Portland, each year. It gives the members an opportunity to meet together more often and become better acquainted, as well as giving more time for educational work. It also gives the Association more opportunities to meet throughout the state, and improve our public relations contacts.

The Auxilliary is planning a program to coincide with the doctors', so there is no reason for the ladies to stay at home. Plan now to attend the Tri-District Educational Meeting. You will enjoy meeting old friends, making new ones, and participating in the educational program. Let's keep Chiropractic growing in Oregon!

Those desiring housing reservations should write to Dr. Forrest I. Goddard, Housing Chairman, 1765 N. Capitol St., Salem, Ore., telling him what you want, and it will be taken care of promptly. Make it easy on yourself and him by sending in your reservations early.

Full details of the educational program will be printed in the next issue of The Syn-ergist. Watch for it!

DISTRICT NEWS

District 2

A very fine social evening was held 23 February at the home of Dr. Augusta Wehofer, with Dr. Marie Van Beek acting as assistant hostess. Canasta proved to be the most popular, but the checkerboard also got a good workout, and there was even a whiff of politics in the air. It was all topped off

with a fine potluck buffet supper. No one went away hungry, and the doctors, students and their wives and friends had a most enjoyable evening. More of these social evenings are planned for the future.

District 3

The regular monthly dinner meeting of the District was held at the usual meeting place, the Pine Tree Inn, just north of Salem on 99E, Saturday, 2 February at 7 p.m. After dinner, the Association and Auxilliary held their separate meetings. Plans for the Tri-District meeting were discussed. Dr. and Mrs. Raymond W. Klier, of Portland, were guests of the District. Dr. Klier provided the educational feature of the meeting with a talk on Minor Surgery, which was greatly appreciated by the members.

Dr. Forrest I. Goddard has been elected President and Dr. Peter W. DeMarco, Secretary of the North Salem Kiwanis Club for 1952. Our congratulations and best wishes to them both!

District 7

(Courtesy Dr. Alan L. Hall, La Grande, Delegate-at-large)

The Chiropractic population in Eastern Oregon has doubled itself in the last three years, and now we hope to become a well-organized district. I would like to take this opportunity to welcome the following Doctors into this District. Some of them have been here for well over a year, but others are of recent migration. The older newcomers include Dr. Ken Yaguchi, Ontario; Dr. Frank Turner, Milton-Freewater; and Dr. E. J. Ivie and Dr. D. A. Magone, both of Pendleton. The newest newcomers include Dr. Delbert Coulter, of Vale, and Dr. Loren Schrag of Milton-Freewater.

A date will be set in March for our first regular District meeting. All members will be notified of the exact time. This meeting will be held in Baker, which is more or less centrally located. Please plan to be there.

District 8

Dr. C. E. Stewart has recently opened an office in Redmond, making a total of ten members now in our District.

The March meeting of the District was held at the office of Dr. H. A. Matz, in Prineville, 1 March. Mrs. Matz entertained the wives.

The main project of our District has been the Radio "Healthways" programs. We are now using the second series of 39 five-minute transcriptions over KBND in Bend and KRCO in Prineville. We like the program very much, and hope there will be another series available for use by the time this one is completed.

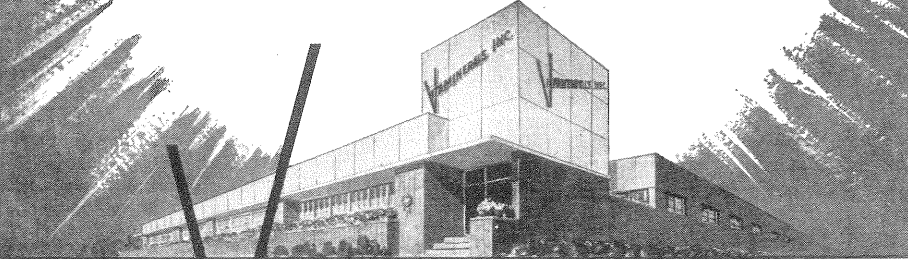

Where Health is Concerned there can be no Compromise with Quality

The Treasure of a Good Name

Your good name, Doctor, is precious to you, as is ours to us.

We at Vitaminerals bear this constantly in mind. Our aim always is to provide you with nutritional aids of the very highest quality, that will never jeopardize your good name, but will reflect credit upon you whenever you prescribe them.

By so doing, we have also protected our own good name and maintained our leading position for over 20 years in the field of mineral and vitamin therapy.

DISSECTION

The Dissection Class are shown here as they culminate their anatomy courses under the direction of Dr. Lytle O. Sweatt. WSC students are fortunate that legislative enactment provides for equitable division of material between schools so that proper and careful study is possible.

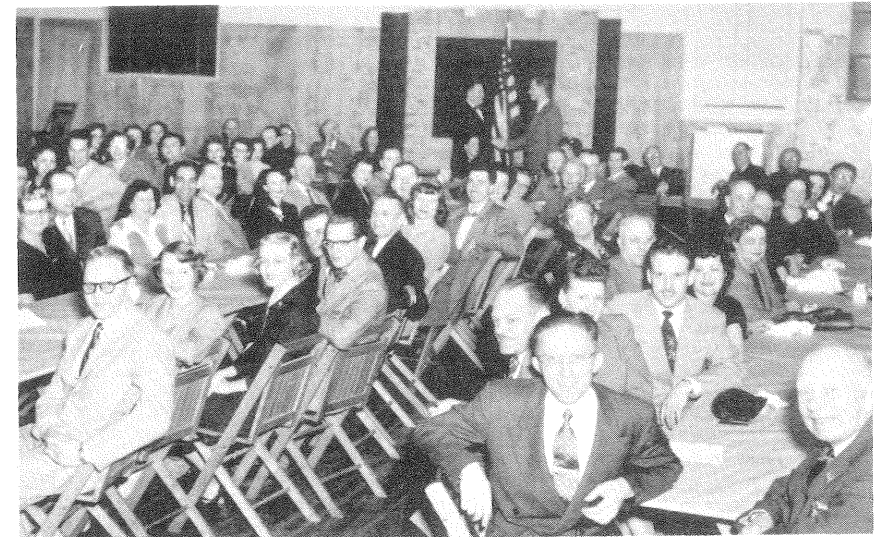

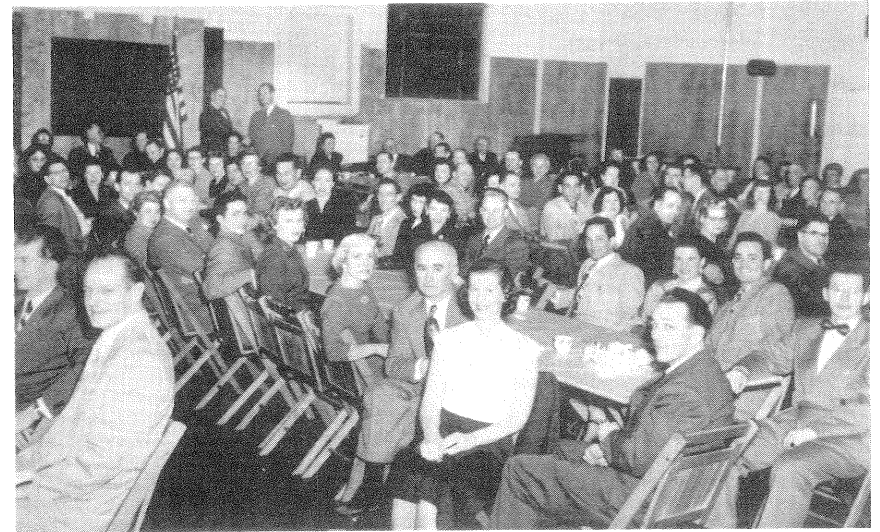

MINOR SURGERY

Hardie J. Sickles, a member of the Senior Class, is shown here demonstrating his skill in minor surgery class under the supervision of Dr. R. W. Klier, instructor of minor surgery and President of the Minor Surgery Council of the O.A.C.P.

This course serves to develop the art of minor surgery with emphasis upon suturing, cleaning and related treatment of lacerations, incised wounds, etc. Surgical procedure in which there is no incision into the skull, thorax or abdomen, is taught in this course.

Buffet Dinner Honors Gallagher

An enthusiastic group of students, friends, and Doctors of Multnomah County held a buffet supper Thursday evening, February 7th, honoring Dr. Wm. J. Gallagher, prominent chiropractor and naturopathic physician, who announced his candidacy for Republican nomination at the May primary for Representative in the State Legislature.

A group of approximately 150 people offered their services to Candidate Dr. Gallagher after a program of speeches and testimonials offered by Vivian McMurtrey, former publicity director of O.A.C.P.; Mr. Nettie Bolland, Parliamentarian 3rd District Oregon Federation of Women's Clubs; Yarl Hanson, editor and publisher; Frank E. Day, legal counselor for O.A.C.P.; Dr. Shadduck, prominent naturopathic physician; Dr. Louis K. Von Pier, president of O.A.C.P.

Climaxing the evening Dr. W. A. Budden, director of WSC, introduced Dr. Gallagher who spoke explaining his decision to enter the primary in May as a Republican candidate to the Legislature.

Don Mattson, president of the WSC Student Body, served as Toastmaster for the evening.

NATURO-NEWS

DR. R. A. ROMBOUGH, Editor
Independence, Oregon

Back in the January issue of The SynErgist a request was made for news copy. As yet, no news. How come? Get some in, please.

Being on the publicity committee has been fun and informative. I didn't know there were so many nice doctors all over Oregon until the convention notices began going out. Back came such nice letters and cards showing the goodness of the fellows (one lady) and how we should get to know each other better. Now let's see if it pays off and they will attend the convention (this is being written BEFORE).

Dr. Dan Wilson of Newberg has an hour recording of a talk made up in Seattle last summer by a doctor from the Palmer School of Chiropractic. We can all learn a lesson from it. Get Dan to play it for you sometime.

ENZYMOLGY is the title given to a little booklet put out by the NATIONAL ENZYME CO., 5067 W. Madison St., Chicago 44, Ill. (Dept. P-2) on food enzymes. It is free for the asking. Send a postal card with your name and address. You will find worlds of information in it. You will begin to understand why all other animals excepting man live seven times their maturing age. Enzymes play an important part.

February meeting was a dinner held in Salem. It was a two-star program and worth every second spent there. First came a grand dinner followed by a talk given by Cecil Farnes who has the hobby of alcoholism (not drinking it). He talked about how men and women fall into the habit and things they do to continue it and how they can overcome drinking. He also brought out the fact many people carry a bottle and not all of them contain alcohol but some other substances such as pills and so on. He said, "Remember: You cannot dissolve a conscience in alcohol." For the second star of the evening was Dr. Carl Kennedy. He brought out more C.A. information. In fact it was a great deal the best since last November when Cancer first presented itself as a meeting topic.

HOSPITAL was the one big topic of the March meeting of District No. 3 of the D.C.s. Dr. Goddard has been working on the idea of having a non-allopathic hospital for the Salem area for some time. This hospital

would serve the entire state. He has an outline of the ideas to be used plus blue prints. All this information will be presented to the N.D.s within a very short time. We should cooperate with the Chiropractic Physicians and put this over. There isn't a reason in the world why it shouldn't go unless we, ourselves, put the stop to it. This is real constructive thinking and I'm ever so glad we will be asked to enter into it.

This brings up another word—PRESTIGE. So many times fellows will say we don't have the prestige that one of the other professions enjoy. I wonder if a great deal of that isn't in our own minds. I wonder.

Soon the Spring salads will be in full swing again. Why not give your wife a swell dressing recipe with a tang for your salad. This is a HORSERADISH DRESSING made with ½ cup tomato pulp, 2 tbsps. grated fresh horseradish (NOT with vinegar), 2 tbsps. lemon juice, 2 tbsps. grated lemon rind, 1 tbsps. honey, and a dash of dry mustard. Combine all ingredients and serve over the salad. You will enjoy the special tang.

Again—let it be known to all Naturopathic Physicians—this is your page. Send in your news. You don't want to put up with this line of chatter EVERY month.

As a last word, I might add happiness is that sensation you acquire when you are too busy to keep miserable.

SENIOR SAGE

Our graduation date has been set for March 27th in the Western States College gym.

Another good investment for the future, due to the efforts of Phil Stem, is a permanent platform to be installed shortly by the four classes with assistance from the Health Research Foundation.

Four prospective Drugless Doctors are expected in the near future by Seniors Gray, Reese, Peterson and Spaulding.

We are glad to hear that our good friend Dr. Bert Smith is doing so well since establishing his practice in Roseburg, Ore.

Extensive plans are under way by the class, with the SynErgist Staff, to make the April issue, a graduation issue, and, the biggest and best ever published.

The class formal banquet and dance at the Multnomah Hotel on March 14 for the Senior class and faculty was well attended and an event long to be remembered. This being the final class function before the parting of the ways, an air of nostalgia was clearly discernible amongst the mutually aging and graying '52ers, brethren of a common mold.

As this the final Senior Sage for the Class of '52 is submitted, the Senior class wishes all good things to those we leave behind. Chin up fellas and gals, it can be done!

GOINZONZ

Dr. James E. McCormick, who just recently graduated from WSC, has opened his office in Weiser, Idaho. Dr. and Mrs. McCormick, both natives, are enthusiastic about their return to the Gem State.

Dr. Ken Yaguchi and wife Kazie of Ontario, Ore., have a baby boy, Thomas Edward, to play with their Linda.

The Western States College alumni on the eastern border of Oregon were invited to attend the February 21st meeting of the Idaho Chiropractic Association held in Nampa, Idaho. Dr. Earl S. Robinson of Nampa was the chairman of the meeting and Dr. H. R. Walmsley, Secretary of the Idaho Chiropractic Board of Examiners, was also in attendance. The Oregon doctors invited were Dr. C. R. Van Patten, Ontario; Dr. Delbert V. Coulter, Vale, and Dr. K. J. Yaguchi, Ontario. Other WSC grads in attendance who are practicing in Idaho were: Dr. Gordon Garlock, Meridian; Dr. F. L. Adams, Caldwell; Dr. D. B. Garrouette, Boise; Dr. E. W. Rosin, Payette; and Dr. J. E. McCormick, Weiser. Dr. I. C. Lamon, instructor of Endocrinology at Western States College, was the guest speaker.

Dr. C. G. Stem of Coquille, Ore., was a February visitor at WSC. Dr. Stem is the father of Phil Stem, WSC senior.

We were very sorry to learn of the death of the father of Dr. Victor Myers, Stayton, Ore.

Vern Edwards and Appa Anderson have added their names to the eligibility list for the \$5 Glenn Matteson donates to those passing the Basic Science exam.

Permanent Rostrum

It has long been a dream of Phil Stem's, Class of '52, to see a permanent platform installed in the auditorium at Western States College. In the very near future that dream is about to be realized. In the true spirit of co-operation, the four classes each donated \$20 which was supplemented with additional funds by the school to defray the cost of material needed.

Under the supervision of Dr. W. A. Buden, this permanent platform, which will be approximately ten by twenty, will be erected by volunteers from the student body. It will have a fir floor, veneer skirting, outlet for a speaker's microphone, and properly finished with varnish.

It is believed this will contribute to the facilities available to the students and to the Doctors in the field for meetings, symposiums, and especially important for graduations for which platforms have in the past been rented.

Junior Jargon

On February 29th, the Junior Class, in co-operation with the WSC Student Body Social Committee "slang" a Leap Year Dance in the gym. Brad Storis was general chairman; Norm Hansel, decorations; Chuck Adams, entertainment; Bob Overton, refreshments; and John Tarr, invitations. Hazel Failor and Mrs. Bob Overton served.

Intermission entertainment was furnished by International Folk Dancers Club of Portland. Music for the dance was furnished by the George Kristch Combo. The crowd was not so large, but the enthusiasm and fun was at a high point for the season.

As we submit our copy for the March issue, election campaigns for Student Council Offices are in full swing. The Student Body president is required to come from our class so we know a good man was elected there.

Junior Clinic under the direction of Dr. A. D. May has tripled in number of patients during the month of February, and the placing of patients is becoming a problem. Much clinical experience is being gained by the new internes, and some outstanding results have been obtained, which we hope to report on later.

Several members of our class are recovering from finger nail diets due to certain examinations in physiology, anatomy, etc., but not Caverly. As we go to press, he is up to his olecranon process in sweating out a playmate for his young son. Should see him take off from class every time he hears the phone ring. Nice timing we say, Obstetrics being in our curriculum this quarter.

The Junior Class was very well represented at the buffet dinner honoring Dr. W. J. Gallagher, February 7th.

The Junior Class wishes to thank Drs. Wehoffer and Van Beek for the splendid evening of February 23rd at the monthly social affair of Multnomah District, O.A.C.P.

Congratulations, Seniors! May everything that is good be yours.

Fresh Facts

According to Gray's Anatomy, the Freshman Class election presents for examination five offices and five nominations. Ex-president Ralph Bentley stepped down in favor of Carl Kennedy. Bill Hoy was voted in as

the Vice President; Bob Flemming surrendered the job of Class Reporter and ended up with the position of Secretary-Treasurer; George Tombe is our new Student Body Representative; and George Johnson is going to try his hand at writing by filling the office of Class Reporter.

The highlight of the election was the formation of a new office due chiefly to the efforts of Roger Johanson who sought election as Sergeant at Arms. The nomination went to Bill Hatch.

When asked what he and his car were doing in a total stranger's front yard early one recent morning, Gene Rolfe merely scowls and growls something about that chain hanging down from his front wheel.

Those men of level eye and steady hand (Johanson, Kennedy, Wayman, and Oestreich) borrowed a few of the weapons from Kennedy's arsenal and tried some target practice. Now they seem to be suffering from a slight case of shell shock; apparently the cannon-like reports from the pistols proved to be too much.

The cauldron really seems to be bubbling over some type of phenomenon called "pop tests."

Congratulations to the members of the Graduating Class on successfully completing four long years of arduous studying. May your future success rest on the knowledge accumulated in the years at your alma mater.

Soph Sighs

Congratulations Seniors, we wish you all the luck and success upon your graduation.

A class meeting was held recently to decide on the donations toward the construction of a permanent podium in the gym. The class enthusiastically voted the measure through and we hope to take advantage of the podium when time for graduation for our class rolls around.

Johnny Johnson has just about given up bowling after the high scores he made the other night after the Sigma Phi Kappa meeting.

Gene Dement has been coming to school with a cold sweat on his brow. Can't understand this — just because they sent one air group to Korea from Portland shouldn't worry him.

Glad to see Carl Mohr back in our midst after a long absence due to the flu.

ALDEN F. KRIEG, JC PRESIDENT, TO BE GRADUATION SPEAKER

Billie G. Spurlock, President of the class of 1952, announced today that Alden F. Krieg, President of the Portland Junior Chamber of Commerce, has been scheduled to deliver the address at the graduation exercises on March 27th. Mr. Krieg is associated with the Portland General Electric Company as a Commercial Sales Engineer. He has been active in Junior Chamber of Commerce for the past five years. He has attended the Buena Vista College of Storm Lake, Iowa and Iowa State College of Ames, Iowa. He graduated from Oregon State College in 1947. Mr. Krieg takes an active part in the Gavel Club of the Junior Chamber.

President Spurlock also announced that the Reverend Frank L. Shoemaker, of the Millard Avenue Presbyterian Church, has consented to deliver the invocation at the exercises. Arrangements were not yet completed for the balance of the program at the time the SynErgist went to press. "All members of the class are co-operating 100% and this should be the best graduation in the history of WSC," said President Spurlock.

The following men are serving on one or more of the numerous committees that are undertaking to handle the details of the graduation: Spurlock, Spaulding, Mondot, Walker, Call, H. Johnson, Gerstner, Mattson, Meyers, C. Johnson, Stem, Endridge, Hamp-ton, Flores and Reece.

Auxiliary Sponsors Dance

District 2 Auxiliary, OACP is sponsoring a benefit square dance at Western States College, Saturday evening, March 22, 8 p.m. to 12:30 a.m. It is being sponsored as a benefit for the Multiple Sclerosis Society of Portland, Ore., which is a completely lay organization, to purchase needed equipment for the Society.

All doctors, students, wives and friends are invited. There will be an instructor present to help set up the dances, so please plan to come and join the fun, whether you are a novice or expert at square dancing. Admission is \$1 per person.

KEEP THE BABY HOME

Putting in fant care on a house-call basis is one way to clear your waiting room of squalling ½-year-olds. At the same time, making home visits routinely — say, once a month — steps up the value of the preventive service given and adds to the stability of a pediatric practice. A reception room filled with crying babies and distracted mothers is not good for the morale of either junior or senior size patients. Mothers want their infants to have periodic check-ups, but office appointments are hard to keep. Why not give the house call plan a trial run?

It is interesting to note the members of the graduating class represent a cross section of North America as they come from Canada to Puerto Rico and many of the states between them.

Charles L. Brown, Portland; Max Call, Nampa, Idaho; Norman Endridge, Prince Rupert, B. C.; William A. Fields, Korea, Ky.; Willis Rafael Flores, Puerto Rico; Edward W. Gerstner, St. Louis, Mo.; Edward Leighton Gray, Kelowna, B. C.; James William Green, Victoria, B. C.; Earl Donovan Hampton, Minneapolis, Minn.; Charles R. Hickman, Seattle, Wash.; Fred J. Higgen, Bremerton, Wash.; Harold George Junker, Bend, Ore.; Carl R. Johnson, Portland; Harold Johnson, Vancouver, B. C.; John Wayne Keller, Anadarko, Okla.; Walter P. McNeil, Ennis, Texas; Earl Donovan Mattson, Thief River Falls, Minn.; Douglas Leslie Miller, Superior, Wis.; Lawrence J. Mondot, San Francisco, Calif.; John Melvin Myers, Seattle, Wash.; Donald Andrew Olson, Boise, Idaho; Dale Richard Olson, Portland; Karl Dey Peterson, Gig Harbor, Wash.; Jerry Reece, Mount Vernon, Wash.; Shirl B. Richardson, Yakima, Wash.; Arthur H. Sawyer, Portland; Hardie J. Sicles, Monte Vista, Colo.; Frank G. Spaulding, Portland; Billie G. Spurlock, Lewiston, Idaho; Phillip Jean Stem, Coquille, Ore.; Don C. Walker and William S. Whiting, Portland.

Listen Ladies—

MRS. WALTER B. RICH, President
Women's Auxiliary to O.A.C.P.

Encouraging news has come from the Districts throughout the state of the plans and efforts which are being made by Auxiliary members for the Multiple Sclerosis Organization.

Don't forget to save your Queen Bess Pattern coupons. They should be sent to Mrs. Gless Parrott, Molalla, Ore.

Mrs. E. N. Terrill, Ashland, reports Dr. Terrill is doing fine, and is just using a cane now. We all trust he will continue to improve, and be able to be with us at the June Convention.

A very timely suggestion has been made by the Oregon Federation of Women's Clubs. At the respective District meetings, if roll call is made, instead of saying "Present," ask your members to say, "I am a registered voter." If you have moved and have not re-registered, you cannot vote. Let's check ourselves. I would surely like to report that the Women's Auxiliary to the OACP is registered 100%.

Engineers (Sanitary — That Is)

In the wake of the 'Leap Yar' dance these revelers were found stripping the streamers, mopping the maples, digging the dirt, removing the rust, cleansing the cavities and informing the "Underthetablehiders" that the gals had gone home.

So far's we know there have been no proposals unless Miss Linda Anderson (second from the left) made a contact for 1968. (Others depicted are John Tarr, Charles Hickman, Don Mattson, Mrs. Lucile Tombe, Hazel Failor, Appa Anderson, and Ralph Failor.)

STUDENTS' WIVES AUXILIARY

The members of the Students' Wives Auxiliary held their regular monthly meeting on Thursday, February 21st. The business session brought forth plans for serving at a reception following graduation on March 27th. All members were urged to secure more newspapers and old magazines for the Paper Drive which is being stored in the Loyd Rapp home at S. E. Foster Road. Plans are being made for a Box Social to be held in April—More information will be announced in the next issue of The SynErgist.

Four freshmen's wives, Jean Davies, Janet Oestreich, Joyce Wildebour and Juanita Wilhelm proved very capable hostesses for the evening with the lovely table decorations and delicious refreshments.

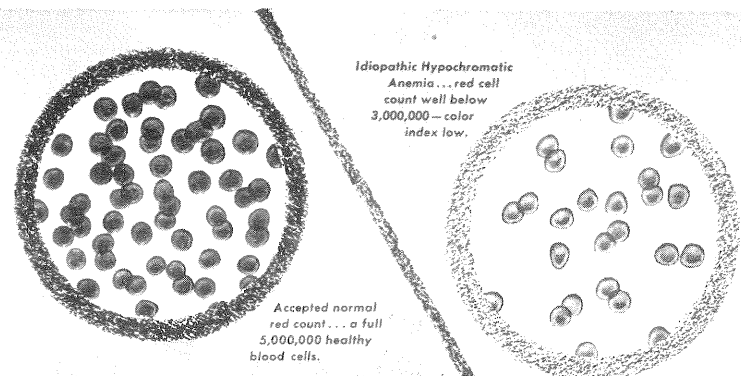

Everyone was reminded of the Doctors' Wives Square Dance to be held the 22nd of March.

The next meeting will be March 20th and all wives are invited.

The Friendship Committee urgently requests that notices of illnesses, births, marriages, etc., be given to the following class committee members: Jerry Whiting, Senior; Katharine Valley, Junior; Jo Shepherd, Sophomore; Mary Rolfe, Freshman, or Doris Johnson, president.

WHAT HAPPENED TO

Dr. Frank Turner practicing for the last year in Milton-Freewater, Ore. has a new son Gregory James born December 9, 1951 . . . Dr. J. L. Gross is doing quite well in Lebanon, Ore. . . . Dr. Bert A. Smith starting out very fine at Roseburg, Ore. . . . Saw Dr. Harlan Cook the other day and he is very happy in the way his practice is shaping up in Albany, Ore. . . . Dr. Frank Hanses has moved his office from Medford to Central Point, Ore. . . . Dr. Ralph S. Anderson is in the harness and is doing fine at North Bend, Ore. . . . Dr. Edw. B. Bowe is now doing very well at the location of the former Verbon Clinic . . . It is rumored that Dr. David McFadden will move his office from West Slope to new location in Oregon City . . . Dr. Ralph E. Wiser and Dr. Richard H. Meyer are now well established in their new offices at 8029 S. E. Woodstock. Dr. Wiser heads WSC Department of Obstetrics and Gynecology and Dr. Meyer is instructor of Embrology . . . Dr. Kenneth H. West is proud papa of a new baby boy delivered by Dr. R. E. Wiser . . . Has anyone heard from Dr. L. L. Early who we understand was recalled to the navy, or Dr. Darrell Kellis, who at last ward was in the Air Force . . . Also we would like to hear from Dr. Ira Parrish.

Idiopathic Hypochromatic Anemia... red cell count well below 3,000,000—color index low.

Accepted normal red count... a full 5,000,000 healthy blood cells.

when the red count drops

The incidence of anemia, particularly among the women of America, is extremely high. Some authorities estimate 9 out of 10 are victims of secondary anemias.*

The anemias make themselves known by a great variety of symptoms. Shortness of breath, lassitude, fatigue, headaches, facial pallor, digestive upsets, and general malaise are linked with anemia when the red count drops below the accepted normal or hemoglobin percentage is low. Whether this condition is caused by nutritional deficiencies, excessive blood loss, toxic blood destruction, pregnancy, or lactation, or whether it is due to other known causes of anemia, a hematonic containing all of the essential blood building factors is immediately indicated.

DPS Formula 100 contains all of these essential ingredients for maximal red cell regeneration. Iron in its most usable form, Vitamin C, certain B complex factors, trace minerals in liver, glandular and vegetable extracts—all are needed when the red count drops—all are contained in DPS Formula 100.

*Davis, Vitality Through Planned Nutrition, p. 337, MacMillan, 1944.
