New techniques in chiropractic by the nationally known D. J. Metzinger, D.C. and instruction in the part to be played by physicians in civil defense are the highlights of the symposium program, details of which are on pages 8 - 9.

Dr. Metzinger was for many years head of L. A. College of Chiropractic. He has written extensively on the subject and lectured throughout the U. S. His capacity to "put it over" is unique and the opportunity to draw upon his vast resources of knowledge ought not to be missed by any up and coming practitioner.

Knowledge of civil defense technique and practice is demanded of all physicians who would fulfill their obligations as citizens.

NUTRA-CAPS—

the professionally proven formula

At last, a complete unit in itself—each of the specially processed caplets contains 24 vitamins, minerals and liver. You no longer need take a handful of tablets and capsules each day to receive all of the ingredients NUTRA-CAPS formula contains in one caplet. One caplet per day will serve as a dietary supplement. In nutritional deficiencies two caplets per day are suggested. In conditions such as pregnancy, old age, or where deficiency is of long standing, three or four caplets are usually taken. If more than one caplet is the daily intake the dosage can be divided, for instance, with each meal. Each caplet containing all of the nutritional elements permits this.

The following is a list of the ingredients in each caplet and the suggested daily dosage.

	Suggested Daily Dosage			
	In extreme deficiency, pregnancy, or old age	In nutritional deficiencies	In nutritional deficiencies	As a dietary supplement
	4 Caplets	3 Caplets	2 Caplets	1 Caplet
Vitamin A	20,000 USP Units	15,000 USP Units	10,000 USP Units	5,000 USP Units
Vitamin C	150 mg.	112.5 mg.	75 mg.	37.5 mg.
Vitamin D	2,000 USP Units	1,500 USP Units	1,000 USP Units	500 USP Units
Vitamin E	4 I. U.	3 I. U.	2 I. U.	1 I. U.
Vitamin B ₁	12 mg.	9 mg.	6 mg.	3 mg.
Vitamin B ₂	8 mg.	6 mg.	4 mg.	2 mg.
Vitamin B ₆	2 mg.	1.5 mg.	1 mg.	0.5 mg.
Vitamin B ₁₂	4 micrograms	3 micrograms	2 micrograms	1 microgram
Niacinamide	80 mg.	60 mg.	40 mg.	20 mg.
Calcium Pantothenate	8 mg.	6 mg.	4 mg.	2 mg.
Folic Acid	2 mg.	1.5 mg.	1 mg.	0.5 mg.
Liver Fraction 2	260 mg.	195 mg.	130 mg.	65 mg.
Iodine	0.4 mg.	0.3 mg.	0.2 mg.	0.1 mg.
Boron	0.4 mg.	0.3 mg.	0.2 mg.	0.1 mg.
Manganese	4 mg.	3 mg.	2 mg.	1 mg.
Cobalt	0.4 mg.	0.3 mg.	0.2 mg.	0.1 mg.
Potassium	20 mg.	15 mg.	10 mg.	5 mg.
Molybdenum	0.4 mg.	0.3 mg.	0.2 mg.	0.1 mg.
Iron	40 mg.	30 mg.	20 mg.	10 mg.
Copper	2 mg.	1.5 mg.	1 mg.	0.5 mg.
Zinc	2 mg.	1.5 mg.	1 mg.	0.5 mg.
Magnesium	12 mg.	9 mg.	6 mg.	3 mg.
Calcium	852 mg.	639 mg.	426 mg.	213 mg.
Phosphorus	660 mg.	495 mg.	330 mg.	165 mg.

O.A.C.P. Counselor

Frank E. Day

Dr. Louis K. Von Pier, president, announces the appointment of Frank E. Day, member of the Portland law firm of Stern, Reiter, and Day, as legal counsel for the Oregon Association of Chiropractic Physicians. The counselor is no stranger to the members, having been a guest speaker before the association.

Mr. Day, 33 years of age, the son of a former Supreme Court Justice of the Nebraska Supreme Court, attended the public schools in Omaha, and Lincoln, Nebraska, graduated with an A.B. degree from the University of Nebraska in 1940, and the University of Oregon Law School in 1942, and was admitted to the Oregon Bar in that year. He was appointed Judge of the District Court in June, 1947, and resigned that position October 1, 1951, to become a member of his present firm.

He is past Judge Advocate of the American Legion Post #1, Vice Chairman of the Legal Forms Revision Committee of the Portland Realty Board, a member of The Military Order of World Wars, Eagles, Elks, Masons, and Knights of Pythias.

Public Relations Committee

By George Stevens

It gives us pleasure to announce that in the tag-autograph contest conducted as part of our get acquainted program during the first week of school, Chuck Mather, class of '53, walked off with top honors for being the contestant with the most autographs. Runners up were Bob Hatch, '55-I, Loyd Rapp, '53, Herb Shepherd, '54, Kay Cummins, '55-II, Robert Mecham, '55-I, Leonard Hegney, '54, Harold Dick, '55-II, Gene Rolfe, '55-II, and Jess Kennedy, '55-II. George Stephens, '54, ineligible to be a contestant because he is a member of the Public Relations Committee, receives a consolation prize for collecting the most names.

General Chairman

Dr. Robert E. Elliot, above, is the Director of the free Child Clinic which is held the third Saturday of each month at the Western States College. Dr. Elliot, head of the College Pediatrics Department, joined the faculty in 1950. He has made himself known through various activities including being past president of the Portland Ad Lib. Club, he is present Chaplain of the O.A.C.P. and General chairman of the Winter Symposium.

Copy must be submitted by the first day of each month. The SynErgist reserves the right to reject any copy or advertisements which it believes would be contrary to the best interests of the college, Health Research Foundation, or the profession at large.

1 + 1 = 1

"THE O.A.C.P. PRESIDENT ANNOUNCES THAT THE SYNERGIST WILL IN THE FUTURE PUBLISH ACTIVITIES HERETOFORE CARRIED IN THE O.A.C.P. JOURNAL. THE SPACE ALLOTTED WILL BE CONDUCTED BY AN O.A.C.P. EDITOR"

We are very happy to receive the above message from the Association President, bringing the students of Western States College and the profession closer to the harmony we all want to attain. This merging of the two publications is economically a sound move, and the association can be assured that the SynErgist staff is only interested in the advancement of our professions, and improvement of our publication.

Welcome Back

It is a wonderful feeling to be back in school again! After a long two month's vacation, we find it pleasant to see again the many faces we missed during the summer. Classmates with whom we had exchanged palpation and adjustments, whose spines are as familiar to us as their faces, look renewed and revitalized by the enforced holiday. It is even a treat to see and visit with the instructors who have been our guiding lights during the past years. To sit in classes again and absorb the instruction and knowledge they offer has changed from a treatment to a treat.

One of the things that has struck a responsive chord in all of us this fall are many new faces we see in the Freshman class and the transfer students now with us who have been attending other schools. We want to welcome you people to Western States College. We want you to feel at home with us! We want you to enjoy your school days and the associations you make while attending W.S.C. Feel free to call on your student body officers for any help that we can give you. Your problems are our problems. We can solve them better together.

As President of the Student Body of W.S.C., I wish to welcome each and every one of you. We have a good school, fine instructors, and an active Student body. Let's keep it that way.

Librarian

The above picture is that of W.S.C.'s new librarian, Charles E. Adams, who replaces Mrs. Ila L. Huenergardt in that position.

Mr. Adams, a student in the junior class of the W.S.C. School of Chiropractic, is a 6'3" native of Nebraska who has, as he puts it, "spent most of his life in school" including the University of Arkansas, St. Regis of Denver and "forty-eleben" Army and Air Force Schools.

He now holds the posts of custodian in the Phi Kappa Fraternity, receptionist in the W.S.C. night clinic, and Rewrite Editor of Synergist.

Mr. Adams announces that the library hours are from 1:30 to 4:30 p.m. daily.

What Happened To

We are extremely interested in hearing from graduates of W.S.C. Let us know how you are doing; send us a good glossy photograph, maybe you'll make the front page.

We are glad to hear Dr. Victor Myers is doing so well at his new location in Stayton, Oregon.

Our Clackamas, Oregon, friend -- Dr. George Charburn, has moved his office to Coquille, Oregon. Forsaking our weekly golf games for those striped bass, eh! George. Good luck and let us hear from you.

We would like to hear from Dr. Jerry Kaye, way out there in Montana. How about it, Jerry?

We hear that Dr. Ken Yaguchi, Ontario and Dr. Deibert Coulter, Vale, in Eastern Oregon are doing nicely. Please confirm, gentlemen.

Dr. Jack Rarey was mighty busy readying his new offices at 72nd and Sandy, Portland, last time we talked to him.

Dr. Tommy Henderson was in, contemplating his practice in Sandy, Oregon. How is it going, Tom?

We hear Dr. Loren Desso has moved from Kalispell, Montana. Where to, Des?

Our good friend, the first Business Manager of the SynErgist, Dr. Ralph Svehaug, has had to enlarge his office in Mollala, Oregon, as well as make room for another fine son, Christopher.

Dr. Authur J. Johnson is doing fine at his location in Portland, on North Union Ave.

Dr. Kenneth J. Peterson is taking some post graduate work at National School of Chiropractic in Chicago, Ill.

We have a nice letter from Dr. Carl Darby, who has established a practice in Lubbock, Texas.

A recent letter from Dr. Kenneth Bethke, Doland, South Dakota, extends an invitation to future grads to come to South Dakota.

WELCOME FROSH

The "Welcome Frosh" dance held Friday evening, November 2nd, was a huge success, as can be attested above by the large turnout. Music was furnished by Johnny Petert and his orchestra. Intermission entertainment was furnished by International Folk Dancing Club of Portland. Refreshments were "Justrite" doughnuts and coffee. One of the best dances held in the W.S.C. gym.

This Is Your Program, Bring It With You.

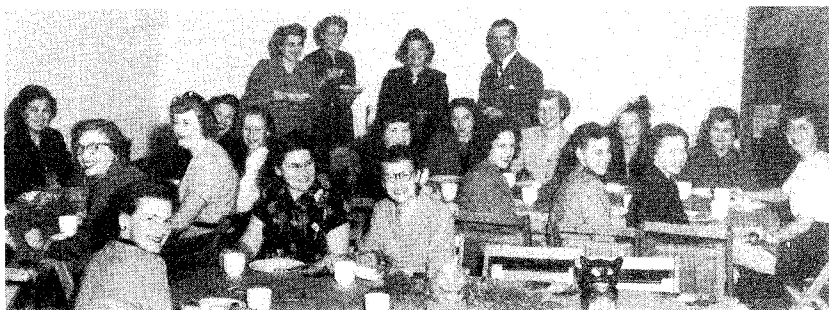

Dr. Frank Finnell, head of the Dept. of E.E.N.T. at Western States College, is author of a new book, "Manual of Eye, Ear, Nose, and Throat."

Dr. Finnell, for many years a successful practitioner, is also trustee of Health Research Foundation, and past president of O.A.C.P. He holds the degree of O.P.D. and D.C.

Ever wonder how the "SynErgist" came by it's name? To Dr. Lytle O. Sweatt, a graduate of Western States College, now head of the Department of Anatomy, goes the distinction. It was created while he was still a student at the College. The name was chosen because of its literal meaning - Syn (together), Erg (to work).

O.A.C.P. District No. 2 Hosts to Jr.-Sr. Wives

October 23, the Women's Auxiliary of the O.A.C.P., Multnomah District, sponsored an evening of entertainment and refreshments for the wives of the Junior and Senior students of Western States College.

Mr. Seifert, hair stylist of El Patio Beauty Salon was guest speaker. Decorations carried the Halloween theme. The purpose of the evening was to welcome the Student's wives to affiliate with the Doctor's wives Auxiliary.

The regular meeting of the Doctor's wives Auxiliary is held the evening of the second Thursday of each month at W.S.C.

Senior Class News

By W. R. Flores

Hold on to your seats---here we go. Several casualties resulted from the campaign of the qualifying examinations, all sorts of neurological disturbances were observed in some of the seniors before and after the exams. Some developed temporary St. Vitus Dance, others pronounced hyperhydrosis especially during Physical Diagnosis. All the known forms of hysteria were noted among the students. One of the things that is helping them to recover is the fact that everyone actually passed. Everyone agrees that it is good that school boards only come once in a four year period. Undergraduates Beware!!

On the second of November our class was happy to sponsor the welcome dance for the Freshmen. John Myers, our class treas-secy, reports that our class fund is well in the black. Chuck Brown is getting richer because other fellows got "took". It is good that World Series only happens once a year. Our contemporary Freud (Max Call) is still holding tight to his opinions in Abnormal Psychology---All natives of "Gods Country" Idaho seem to be firm on their viewpoints. The only exception to that rule being "Major" McCormick who swears every hunting season that he will bring in a deer, but all he has brought back so far has been a bad headache. Carl (Baby) Johnson has joined the ranks of the brainy by passing his Basic Science examination. Doug Miller is suffering with hypertrophy of the thoracic cage since his new daughter arrived.

Junior News

By Appa Anderson

Once again we bring you high lights of that intelligent group of students currently known as the Junior class. Of course, we'll probably be called more things than that before the year is out.

Vacations for the majority of the class were a combination of hard labor sprinkled with good times and believe it or not, a good number of us put in time studying. We have a shining beacon leading us on, as three of our class Peter Pisk, Jim Howard, and John Tarr, have passed their Basic Science Exams, so the rest of us do not intend to be left far behind.

We are sorry to lose some of the members of our class. Velma Burns, past Advertising Manager for the SynErgist, moved to Nevada; Stan Flagg turned to new fields, and the Navy finally tightened its clutch on Chuck Mather. When Chuck Adams returned to class without his charming wife Bette, the entire class polished up their persuasive techniques and went to work. Now we are happy to report that she is back with us. We also welcome back Lillian Hyder, who returned after a short leave of absence. We have four new members in our class, Robert Caverly, Edward Fagen, Ralph Rutherford and Mead Schmoeckel.

The "blue smoke" seen drifting through the halls was coming from some of the "lively" class discussions held recently on the future course and events of the Junior class. Now our Pres. Dale Scheer, should just capture a little of that steam and put it to work.

Sophomore Sighs

by Herb Sheperd

Well, here we are back at the old grind-stone after a swell vacation. Vacation? That's what this scribe thought but the word has been misused. From a questionnaire circulated among the sophomores the majority worked but it was also discovered that we had a few capitalists in the crowd.

Two men of the class finished building their homes. Carl Mohr finished and moved into his home on Tualatin River. Leonard Hegney finished his home and repaired his donkey. (Always thought they shot donkies instead of repairing them. Oh well, this modern age.)

John Dominguez *didn't* do a lot of things like take scenic trips around Portland, do some studying, or go home to Arizona. Just sold one house and moved into another. Tom Moser spent a wonderful two weeks in San Diego at the expense of the Navy. Funny though, he said he spent most of his time on a tub trying to get his sea-legs, but all he got was green gills.

Ron King and John Johnson took trips to the Eastern part of this land of plenty to see how the other half was getting along. (These are the capitalists mentioned above.)

Ring the bells, bring out the band, two of the bachelors took a step toward the promised land. Yes, LaVerne Saboe married a lovely young lady from Vancouver, Washington and Mel Sipe took a pretty Portland girl for his bride.

SIGMA PHI KAPPA

Another school year has begun and with it the reactivation of the Sigma Phi Kappa Fraternity.

The first meeting was held the evening of October 9, 1951. The business consisted of nomination of new officers and discussion of prospective new members.

Election and installation of the new officers took place October 30th, at a special meeting held at the school. The new officers are: Chancellor, Pete Pisk; Vice Chancellor, Dale Scheer; Scribe, John Tarr; Treasurer, Ronald King; Librarian, Don Mattson; Chaplain, John Johnson; Sergeant at Arms Norman Hansel; Custodian Charles Adams.

L. to R. - President, Ralph Bentley, Portland; Sec'y-Treas. Kay Cummins, Student Body Representative, Charles E. Gilmer, Portland.

Freshman News

By Bob Fleming

A few words regarding the members of the new freshman class. There is a good representation from the western states, a good half of the class hail from right around Portland and a couple from elsewhere in Oregon. Utah, Idaho, California and Washington are all represented. There are also two "genuine furriners," one from Puerto Rico and your lowly scribe from Canada.

We have three very worthy people for our class officers who will conduct the freshman class through the year to outstanding results. Our Class president, Ralph Bentley, a Portlander, is married and has two children. He gave up a successful selling career in order to study our method of healing. The position of Secretary-treasurer is held by Kay Cummins, a recent resident of Vancouver, Washington. Her brother, Charles King, was a student of W.S.C. before being called to army duty.

Chuck Gilmer, our student body representative is a Portlander. He is a graduate of Linfield College in accounting who decided after careful consideration that there was a better and more interesting field in Chiropractic and Naturopathy.

Student Wives' Auxiliary

The Auxiliary started off the 1951-52 year with a bang. About twenty-five members were present, all enthusiastic for the coming year. With Pres. Doris Johnson presiding, plans for the paper drive were completed. All newspaper to be delivered to the home of Jewell Rapp, 6016 S.E. Foster — immediately.

A representative of each class was appointed to be responsible for sending out meeting reminders. A Freshman representative will be selected at the next meeting, when we expect to have a 100% turnout. Anyone not receiving a notice of the next meeting please contact your representative. They are — Seniors, Gerry Whiting — SUNset 7287; Juniors, Catherine Valley — EAST 6081; Sophomores — Jo Shepherd — TAbor 4273. Jewell Rapp is in charge of the committee and can also be contacted.

Don't forget to send your General Mills Queen Bess coupons to Margaret Parrott of Molalla.

Next meeting date is November 15th. Hostesses are Catherine Valley, JoAnn Storts, Ursula Shipp, and Bonnie Miller.

THE SUBSCRIPTION RATE OF THE SYNERGIST IS \$1.50 PER YEAR ON A VOLUNTARY BASIS.

GOINZONZ

Did you know that all Junior and Senior students are eligible to join the O.A.C.P. and attend the district meetings? One dollar is the fee. Look for more detail in the next issue.

This issue is an experiment with us, although our publisher is quite confident that you will like this Garamond type and sepia tone color; do you agree with him?

We are working on the organization of Junior N.C.A. at Western States College. An organization that should be a "must" for all students of Chiropractic. More details later.

Dr. and Mrs. Raymond Klier spent 5½ weeks this summer, visiting beauty spots in eighteen midwestern and eastern states, and Eastern Canada. Dr. Klier reports many chiropractic offices were visited in the 9200 mile journey.

Recent visitors:

Dr. Fred Warner, 1949 graduate, practicing in Eugene.

Dr. A.O. Berg, graduate class of 1927, Kingman, Arizona.

Dr. George Simeon, Lovelock, Nevada, class of '47.

Dr. Steve Davis from Mollala.

Stork report:

First of all, present students — Phillip and Ernestine Stem have a 10½ lb. boy, born September 5, 1951; named Jerry Alan Stem. Paul and Esther Rethwill, 8 lb. 13 oz. girl, August 24th; Linda Louise. Doug and Bonnie Miller, 6 lb. 4 oz. girl, September 29th; Diane Marie. Don and Ethel Mattson, 6½ lb. girl, August 22nd; Donna Cecelia.

Recent graduates — Ralph and Jo Hill 8 lb. 6 oz. boy, August 23rd; James Ralph. Ralph and Kathleen Svehaug, 8 lb. 4 oz. boy, September 1st; Christopher Norman. Franklyn and Ernestine Rethwill, October 25th, girl 6 lb. Debbe Lyn. Dwight and Dorothy (Ensch) Bartell, 8 lb. 2 oz. girl, August 9th, Karen Ann.

This issue is the first joint issue of the SynErgist and the O.A.C.P. Journal. We would like your comment.

There were a great many long faces around the school the 31st of October, when our always cheerful, Connie Greensman, left the office to resume her business training at Northwestern, here in Portland. In her place we want to extend a welcome to Mrs. Elizabeth Murray.

Phi Nu Sigma

By B. G. Sprulock, M.T.

Phi Nu Sigma started the school year with a very nice dinner-dance. The members and their wives were invited. This is the first dinner-dance sponsored by the Frat but it will not be the last. A good time was enjoyed by all.

The new students with Naturopathy as their field of interest or those who intend to study for the degree of Naturopathy after obtaining their Chiropractic degree, were given application blanks for membership into the fraternity. A number of new members have been chosen and an initiation will take place in the near future.

The Phi Nu Sigma is the only existing Naturopathic fraternity. Its roll call is increasing and in time it is hoped that we may branch out to other schools. We encourage all Naturopathic Physicians to help us with any suggestions they may have to broaden our knowledge in Naturopathy. We have had several speakers from the field giving us some practical experiences, and we would appreciate the support of any other Doctor who would be willing to give us an hour of his time.

BRoadway 2203

Here at Vitaminerals is a four-thousand cubic foot insulated, refrigerated room with the storage capacity of 466 average household refrigerators.

Critical raw materials are stored here in containers in carefully controlled temperature and humidity. Each container is sealed with an inert gas—another precaution.

Just additional Vitaminerals safeguards to insure constant stability and uniformity in maintaining lasting potency in all Vitaminerals products.
