

WESTERN STATES CHIROPRACTIC COLLEGE

GOAL:

To obtain regional accreditation by the Northwest Association of Schools and Colleges.

RATIONALE:

Regional accreditation would serve to elevate the academic reputation of chiropractic education, allow greater transferability of students to and from regionally accredited institutions, qualify the College for funding from foundations such as Kresge, Kellogg, etc., and serve to generally enhance the reputation of the profession.

OBJECTIVE:

To implement all changes recommended by the Northwest Association of Schools and Colleges by the date(s) specified in correspondence from the Association.

PERFORMANCE
EVALUATION
MEASURE:

A favorable accreditation rating (i.e., above the minimum level) will be received from the Northwest Association of Schools and Colleges by December 1983.
