NUTRA-CAPS--

The Professionally Proven Formula

At last, a complete unit in itself--each of the specially processed caplets contains 24 vitamins, minerals, and liver. You no longer need take a handful of tablets and capsules each day to receive all of the ingredients Nutra-Caps formula contains in one caplet. One caplet per day will serve as a dietary supplement. In nutritional deficiencies two caplets per day are suggested. In conditions such as pregnancy, old age, or where a deficiency is of long standing, three or four caplets per day are usually taken. If more than one caplet is the daily intake the dosage can be divided, for instance, with each meal. Each caplet containing all of the nutritional elements permits this.

The following is the list of ingredients in each caplet and the suggested daily dosage.

NUTRA-CAPS--the professionally proven formula

SUGGESTED DAILY DOSAGE

	In extreme deficiencies, pregnancy, or old age				In nutritional deficiencies		As a dietary supplement	
	4 Caplets				2 Caplets		1 Caplet	
Vitamin A	20,000 USP Units	15,000 USP Units	10,000 USP Units	5,000 USP Units	10,000 USP Units	5,000 USP Units	5,000 USP Units	2,500 USP Units

FRECHILD CLINIC REPORT

By Dr. Robert E. Elliot
Director

In July we will have completed our second year of conducting a free children's clinic. We feel that the clinic is successfully fulfilling its original purpose of providing ample material for the senior internes that they may more fully appreciate the practical aspect of Pediatrics. Our contact with well over 500 children and parents in that time, has further enhanced our professional position in the eyes of the general public and helped to educate them in the role we seek to attain in the natural healing arts sphere.

The clinic operates from nine to twelve on the second Saturday of every month. The internes are assisted in their examinations of the children by a children's clinic staff who have given very generously of their time and ability. Our appreciation and esteem especially go out to Drs. Frank Finnell, R.W. Klier, E.G. Samuel, Clara Elliot, Augusta Wheeler, and many others without whose help would have made our effort impossible.

We have attempted to operate the clinic on a department level -- whereby the interne takes a complete history and then moves to the various examination stations with the child. These stations include: general examination, E.E.N.T., dental and laboratory. At the conclusion of the examination, the health of the child is reviewed with the parent -- if necessary specific recommendations and treatment is outlined or dietary advice proposed. We also endeavor to place in the hands of the parent appropriate chiropractic literature.

This past month we were called upon to do the examinations of approximately 200 babies for a baby show conducted by the Knights of Pythias which proved to be a very interesting experience for Doctors and internes alike.

O.A.C.P. AUXILIARY AIDS LOCAL M.S. SOCIETY

By Mrs. Walter Rich

The following article has been condensed from data furnished by Mrs. Gene Gehrke, of Multiple Sclerosis Society. The Women's Auxiliary to O.A.C.P. has had as one of its projects for the year, the raising of funds to purchase reading machines for this group. Mrs. Gehrke has stated we will be kept informed where the machines are located, and if they should be needed by us, they would be made available.

Two years ago, Multiple Sclerosis Society of Portland was organized, its main purpose being to stimulate patients to take an interest in the world again, to associate with fellow patients and to alleviate the burdens of those in need whenever possible. They operate under charter, have no paid workers, and wherever possible, the officers are M. S. patients. The present president is a patient. Their advisory and executive boards consist of people who are attempting to accomplish something for the Society.

The Society does not belong to the National M.S. Society as they would be required to send over half their funds if they belonged.

As a group, they receive nothing from any organized charity such as Community Chest. A few groups have given them aid, such as Christmas baskets, reading book funds, etc. The Council of Jewish Women has given them wheel chairs for all patients who are financially unable to supply them. The Columbia District Lions Club gave a loud speaker system to aid their meetings and picnics. The Oregonian allows them to meet every second month in the Hostess House for a program, food, movies, music and general get-together. Transportation is furnished to these meetings, also to the Rose Festival Parade, going to church, group picnics and radio broadcasts.

The Society has dozens of needy patients who are down to bedrock financially and spiritually. Their families face a dark picture of hopelessness. The Society's aim and hope is to relieve the suffering a little by giving some small lift to their burden by furnishing a bit of interest, an outing for the patient, a small financial boost, a needed piece of equipment, even a call or telephone chat to make them realize that someone cares.

Multiple Sclerosis is not a dramatic disease, and the Society is not a dramatic group, but its members extend a welcome to anyone to attend any of their meetings to see what they are trying to do."

PUERTO RICO CHIROPRACTORS

A very nice letter has been received from Dr. Ralph U. Sierra, Santerce, Puerto Rico, giving thanks to the student body for their support of a Chiropractic Law for Puerto Rico requiring a minimum of 4000 hours of study. The letter is as follows: "On behalf of the Puerto Rico Chiropractic Association and myself, I want to thank you for your help in passage of our law. We are proud to have a very good law to protect Chiropractors in Puerto Rico. As my friend and colleague Dr. Flores might have explained to you, we are Doctors allowed to use clinical laboratories, X-ray, diets and vitamins plus physiotherapy."

Dr. Rafael Flores, Class of 1952, who just this month returned to Puerto Rico, led the movement of Western States College students to support the present measure.

Chiropractic

From 1952 Year Book, Encyl. Britannica

By the close of 1951, more than 32,000,000 persons had received chiropractic treatment since the profession was founded by Daniel David Palmer in 1895. Nearly 2,000,000 new patients are treated by approximately 22,000 doctors of chiropractic each year.

As of 1951, the National Council on Education had accredited 14 chiropractic colleges, teaching a minimum standard of four academic years, comprising at least 4,000 hours of instruction. Legislative regulation on a four-year basis had been achieved in 44 states, 5 Canadian provinces, the District of Columbia, Alaska and Hawaii.

O.A.C.P. JOURNAL NCA 1951 CONVENTION

DR. GORDON V. PEFFLEY

REPORT

The 1951 NCA convention was held July 22-27 at the Statler Hotel in Detroit, Michigan. The newspaper coverage of the convention was poor, but the radio publicity was excellent.

Dr. Waldo G. Poehner of Chicago and Dr. Frank G. Plouffe of West Palm Beach, Florida presided at all the educational sessions.

On Wednesday evening a half hour panel on chiropractic was televised. Those appearing on the program included Dr. James A. Firth, President of Lincoln Chiropractic College, Indianapolis; Dr. Joseph Janse, president of the National Chiropractic College, Chicago; Dr. Thure C. Peterson, director of Chiropractic Institute of New York, New York City and Dr. Orin Madison, president of the Basic Science Boards of America.

The Honorable G. Mennen Williams, Governor of Michigan was the speaker at the annual dinner dance. It might be noted that Governor Williams gave a fine talk which was well received.

As usual the House of Delegates was busy every morning conducting the official business of the NCA. As you all know Dr. George Kelly was elected president. There was quite a lively discussion on the convention site, but Miami finally won out.

Dr. George A. Smyrl, president of NCA reported the passage of Senate Bill S-1, to include chiropractors. Dr. L.M. Rogers reported on the progress of NCA since 1932. Healthways Journal, Healthways on the Air, the National Chiropractic Insurance Company and the National Printing Company have all been established under one roof at Webster City, Iowa. He reported on an attempt made by the NCA to hold a unity conference which failed because the ICA insisted on an agreement of a restrictive definition of chiropractic first, before any meeting would be held.

Excellent publicity has been obtained by National Correct Posture Week. The Patterson's American Educational Directory, published in Chicago, will list the accredited colleges of chiropractic as approved by NCA in the classified section of their 1952 directory.

Dr. Rogers reported a total membership in all classifications of 7,787 with twenty-four affiliated state associations and nine Junior NCA chapters in accredited four-year colleges. He reported that the National Chiropractic Insurance Company now has total assets of some \$300,000.00.

O.A.C.P. DISTRICT OFFICERS 1952-53

The following are officers of the O.A.C.P. Districts that will serve during the 1952-53 year.

DISTRICT ONE: President, Dr. Melvin P. Bryson, Springfield; Vice-President, Dr. Vincent J. Mallett, Albany; Secretary-Treasurer, Dr. Jerome L. Gross, Lebanon.

DISTRICT TWO: President, Dr. E. G. Samuel, Portland; Vice-President, Dr. Ralph Hill, Portland; Secretary-Treasurer, Dr. Beth Schmidt, Portland.

DISTRICT THREE: President, Dr. Peter W. DeMarco, Salem; Vice-President, Dr. Ralph Svehaug, Estacada; Secretary-Treasurer, Dr. Victor Myers, Stoyton.

DISTRICT FIVE: President, Dr. C. G. Stem, Coquille; Vice-President, Dr. M.C. Parsons, Myrtle Creek; Secretary-Treasurer, Dr. Daniel T. Browne, Coos Bay.

DISTRICT SIX: President, Dr. C.W. Campbell, Grants Pass; Vice-President, Dr. Paul Bray, Medford; Secretary-Treasurer, Dr. E.N. Terrill, Ashland.

DISTRICT SEVEN: President, Dr. Alan L. Hall, LaGrande; Vice-President, Dr. Delbert V. Coulter, Vale; Secretary-Treasurer, Dr. C.R. Van Patten, Ontario.

DISTRICT EIGHT: President, Dr. Harold A. Matz, Prineville; Vice-President, Dr. A. Wayne Nelson, Burns; Secretary-Treasurer, Dr. R.D. Ketchum, Bend.

APPRECIATION

I would like to express at this time my appreciation for the cooperation which the members of the Association have given me in carrying on my work as editor of the OACP Journal section of the SynErgeist.

With my retirement as Secretary-Treasurer of the Association, I also conclude my duties as Editor of this section. I hope you will give to your new Editor and Secretary-Treasurer, Dr. Anton L. Latham, the same fine support you have given me in the past. News items for coming issues should be sent to him at 3908 S. E. Belmont Street, Portland 15, Oregon.

I shall continue to try to serve you to the best of my ability, in the office to which you have elected me, and hope I shall fully merit the confidence you have reposed in me.

Yours for Chiropractic,
Gordon V. Peffley, D.C.

When Health is Concerned there can be no Compromise with Quality

Products of Precision

You may not see much resemblance between a Vitamin mineral tablet and an automobile but they have a lot in common. The same vigilant care that is used in choosing the materials that go into the making of a fine car is exercised in selecting the ingredients from which Vitaminerals are formulated.

Precision in assembling the component parts, testing and retesting during the process of manufacture; careful checking of the finished product before it goes out to the public, are just as much standard practice at Vitaminerals as in the creation of the fine car you so proudly drive.

The Vitaminerals label is your guarantee of uniform standards that tolerate only the finest in raw materials and precision formulation.

Rib Techniques

TO CORRECT ANTERIOR 1ST OR 2ND RIB

POSITION OF PATIENT:
Supine, head elevated somewhat.

POSITION OF ADJUSTOR:
At side of patient facing headward.

CONTACT:
Anterior rib near head, posterior to clavicle.

CONTACT: (Hand)
Pisiform of opposite hand to subluxated rib.

SUPPORTING HAND:
Rests gently along patient's neck.

DIRECTION OF THRUST:
Posterior (floorward).

DEPTH OF THRUST:
About 1/2 inch at contact.

SPEED OF THRUST:
With all possible speed.

TO CORRECT SUPERIOR RIB (OTHER THAN 1ST OR 2ND)

POSITION OF PATIENT:
Prone with arm on side of subluxated rib above head.

POSITION OF ADJUSTOR:
At head of table facing patient.

CONTACT:
Superior margin of angle of rib to be adjusted.

CONTACT: (Hand)
Pisiform of either hand.

SUPPORTING HAND:

Grasp elbow of elevated arm for traction on the anterior muscles, or use hand in axilla if arm cannot be elevated.

DIRECTION OF THRUST:

Inferior (toward patient's feet).

SPEED OF THRUST:

With all possible speed while patient has inhaled and is holding breath.

TO CORRECT INFERIOR RIB

POSITION OF PATIENT:

Prone with arm behind back on side of inferior rib, or at patient's side.

POSITION OF ADJUSTOR:

At side of patient facing headward.

CONTACT:

Inf. margin of angle of rib to be adjusted.

CONTACT: (Hand)

Pisiform of opposite hand.

SUPPORTING HAND:

Under shoulder, holding shoulder immobile on side of contact.

DIRECTION OF THRUST:

Superior (Toward patient's head).

DEPTH OF THRUST:

Limited, about an inch and a half at contact.

SPEED OF THRUST:

With all possible speed while patient has exhaled.

O.A.C.P. COMMITTEES

Dr. Frank Paul Butz, newly elected president of the O.A.C.P., announced last week the following committees to carry out the aims and objectives of the association in the coming year. They are as follows:

LIAISON

Chairman—Dr. W.J. Gallagher, Portland; Dr. W.A. Budden, Portland; Dr. C.C. Dunham, Seaside; Dr. A.L. Latham, Portland; and Dr. R.A. Hill, Portland.

MEMBERSHIP

Chairman—Dr. W.W. Taylor, Portland; Dr. C.E. Mast, St. Johns; Dr. John Ahlbin, Salem; Dr. M.P. Bryson, Springfield; Dr. R.A. Wood, Klamath Falls; Dr. A.L. Hall, LaGrande; and Dr. R.S. Anderson, North Bend.

LEGAL AND PUBLIC RELATIONS

Chairman—Dr. W.J. Gallagher, Portland; Dr. F.J. Goddard, Salem; Dr. G. V. Pefley, Portland; Dr. W.A. Budden, Portland; Dr. D.E. Wilson, Newberg; Dr. G.D. Parrott, Molalla; Dr. M.C. Mix, Roseburg; Dr. P.L. Paulsen, Baker; Dr. P.D. Bray, Medford; Dr. L.W. Parritt, Eugene; Dr. R.D. Ketchum, Bend.

WELFARE

Chairman—Dr. Marie VanBeek, Portland; and Dr. Augusta V. Wehoffer, Portland.

INSURANCE

Chairman—Dr. R.F. Schmidt, Silverton; Dr. J.J. McCarthy, Sweet Home; Dr. G.V. Pefley, Portland; Dr. G.M. Chatburn, Coquille; and Dr. J.D. Russell, Jr., Newport.

EDUCATION AND SCIENTIFIC RESEARCH

Chairman—Dr. A.J. Johnson, Portland; Dr. W.A. Budden, Portland; Dr. H. W. Miller, North Bend; and Dr. B.A. Smith, Roseburg.

PUBLIC HEALTH

Chairman—Dr. E.G. Samuel, Portland; Dr. W.A. Budden, Portland; Dr. K. Yaguchi, Ontario; and Dr. L.K. VonPier, Portland.

AUDITING

Chairman—Dr. G.A. Sternberg, Gresham; Dr. D.V. Coulter, Vale; Dr. Guy Burgess, McMinnville.

ETHICS

Chairman—Dr. B. Rich, Portland; Dr. R.S. Ketchum; Woodburn; Dr. Jack Rarey, Portland.

CONSTITUTION AND BY-LAWS

Chairman—Dr. G.V. Pefley, Portland; Dr. A.L. Latham, Portland.

Dr. Rutz also announces that Dr. Anton L. Latham is appointed as editor of the O.A.C.P. Journal Page of the SynErgist and that all items of news should be submitted on the 27th of each month to him at 3905 S. E. Belmont, Portland 15, Oregon.

Junior Jargon

Your reporter mentioned in his previous column that a local display of "Muscles in Rhythm" could be seen by dropping over to Nick's garage. One can save a short walk by dropping in on the physiotherapy class on Monday, Wednesday, or Friday. Since Dr. Schmidt has taken over the physiotherapy class there has been quite a showing of muscles.

Bob Caverly is again feeling quite sprak since his wife and children have returned home from a short visit with her parents in Seattle.

Our congratulations go out to Evan Reynolds on his capturing of one of the awards in the Salem golf tournament. The award? A ladies sweater! Fortunately just his wife's size.

That moonlight look that has beset Dale Scheer the past couple of months is almost cured, thanks to the expert treatment under the guidance of Dr. Sweat.

Wayne Anderson and Roger Johnson, with the help of sophomore Harold Wilhelm are doing a beautiful job of creating a spot of beauty in the 5400 block on Gladstone. Wicked paint brush wielders, they.

Fresh Facts

All hands of the freshman class "turned to" on field day and exhibited their ability with a mop. Due to their indefatigable effort the floors were soon in ship-shape order. Screens on the windows cut off all avenues of escape. When the work was completed, Carl Kennedy and Joe Ostreich were permitted to take their hacksaws home.

Our Holiday rambling found Bob Hatch visiting with the family in Idaho, and Joe Ostreich up in Spokane, Wash.

Benjamin Franklin wrote: "Only two things are certain—death and taxes." What the taxpayer resents is that they don't come in that order. —
Punch (London)

Soph Sighs

Memorial Day found Bob Clifton loading his family into the jalopy and heading for Tacoma to visit relatives. Cliff Cowan was found fishing at his secret hideaway. Says he caught a "pocket full".

On the advice of Dr. Wiser, Jo Shepherd is taking life easy while Herb has had to join the army of employed. It looks as though those kittens are going to take a back seat, Herb!

In preparation for our venture into Embryology, dissection of the *Squalus Acanthus* (fish to you) has been started. If we could publish odors this paper would be refused by everyone.

STUDENTS' WIVES AUXILIARY

The election of officers was the important business of the May 15 meeting. New officers are Jo Ann Statts, President; Mildred Johnson, Vice-President; Frances Reynolds, Secretary-Treasurer; Esther Refinwell, Reporter. Installation will be held at the next meeting, June 19th.

Following the business meeting, Mrs. Walter Rich honored us with a short talk. Refreshments were served by Jo Shepherd, Mildred Johnson, and Pat Boucher.

SPINALATOR DONATED TO COLLEGE CLINIC

O.N. Donahoe, Asheville, N.C., President of the Spinalator Company, has made a gift of one of the latest model automatic Spinalators for use in the W.S.C. clinic through his wife, who was in Portland to attend the O.A.C.P. Convention.

The Spinalator is designed to automatically do the soft tissue work of the spine and according to Mrs. Donahoe, has received general acceptance, as a general modality in the Chiropractic profession. The primary purpose of the Spinalator is to conserve the Chiropractors time and energy, Mrs. Donahoe continued.

This new equipment is a welcome addition to Western States College Clinic, which is giving the interne every opportunity to learn of the adjuncts that may aid him after establishment of his practice.

E. D. BANZ

FLYING A GASOLINE

Class In Williosphy

Pictured above is a typical scene of relaxation between classes and at any hour may be found students listening to our friend Maurice (Willie) Willinger of the Kool Spot philosophizing on sports, politics, or anything of interest at the moment.

SPORTS

Your W.S.C. softball team started the season with a bang (in the wrong direction). The score will not be mentioned. In their second game W.S.C. came back with a smashing triumph to lead 21 to 11. Jack Snodgrass and Paul Rethwill hurled perfect ball in the third contest as W.S.C. won by a 5 to 0 shut out. Showing superb teamwork, the boys downed the next two contestants 6 to 5 and 7 to 3.

Now that the team has shown its ability, how about a little moral support from the student body? Games are played on Tuesdays and Thursdays and results are announced by Rudy Lockenmeier on his 10:15 sports program over station KGW.

Phi Nu Sigma

The Phi Nu Sigma, Naturopathic Fraternity, held a special election meeting May 23, in which new officers were elected for the 1952-53 school year.

Joe Ostreich was elected Senior Chancellor; Loyd Jacob, Junior Chancellor; George Tombe, Secretary-Treasurer; and John Dominguez, Scribe. An educational plan for the members was discussed with interest along with plans for more social recreation.

The fraternity is now launching a drive for new members and will soon hold initiation exercises for the new candidates.

Sigma Phi Kappa

A recent outstanding event of the Fraternity was "Hell Week," held the third week of April.

We were very happy to welcome such an enthusiastic group of new members into our fold, namely, Roger Johannsen, Robert Davies, George Johnston, Carl Kennedy, George Stevens and Thomas Moser.

After a week of servitude as "Brother Rats", the pledges were subjected to a lively initiation after which the gang met at Herb Shepherd's house for a thoroughly enjoyed rest and refreshments.

On the following Friday the formal Initiation and Banquet were held at "Jil Travatore" to welcome the pledges. An evening of fine food and dancing was enjoyed by all.

Business for the month includes, a contribution towards the purchase of the student body juke box, redecoration of the rest room in the X-ray department (thanks to Herb Shepherd and John Johnson who did a fine job), and appointment of a committee, headed by George Stephens, to investigate the possibilities concerning a fraternity house.

Meetings are to be held on the 2nd and 4th Thursday of each month. All charter members are invited to attend.

RUTZ ELECTED

Our front cover this month features the popular Dr. F. F. Paul Rutz, Portland, who on June 8 was elected unanimously to lead the O.A.C.P. during the 1952-53 year.

Dr. Rutz is a native of New York, being born in Buffalo in 1910 where he graduated from Technical High School. After attending Columbia University for a while he conducted an auto sales and service business in Buffalo.

While in business in Buffalo, Dr. Rutz, through his interest in athletics and care of athletic injuries, decided to become a Chiropractor. He graduated from the National College of Chiropractic in 1942, Cum Laude.

After time out for duty in World War II as a navy medical corpsman overseas, Dr. Rutz returned to National College for post graduate work until May, 1946, at which time he came to Oregon, taking the practice of Drs. Mabel and C.F. Easter and now maintains his office at 2124 N.E. Hancock Street in Portland.

Dr. Rutz has been very active in O.A.C.P. affairs since 1947. Serving as District #2 vice president that year, advancing to the District presidency vice 1949-50, then to State Association vice president in 1951-52 and will now lead the organization in the coming year. He has been a member of the O.A.C.P. executive board since 1947.

FINISHES TENURE

Here Dr. C. C. Dunham, Seaside, President of the Oregon Board of Chiropractic Examiners bids farewell to Dr. J.J. McCarthy (right), Sweet Home, as he finishes his duties as board president and secretary-treasurer during his tenure. Dr. Paul N. Firth is the third member of the board.

The SynErgist joins with all of Dr. McCarthy's well wishers, in hope that good luck and good health will always follow him and to say, thank you, for a real service to the people of Oregon and the Chiropractic profession.

RUTZ ELECTED

Our front cover this month features the popular Dr. F. F. Paul Rutz, Portland, who on June 8 was elected unanimously to lead the O.A.C.P. during the 1952-53 year.

Dr. Rutz is a native of New York, being born in Buffalo in 1910 where he graduated from Technical High School. After attending Columbia University for a while he conducted an auto sales and service business in Buffalo.

While in business in Buffalo, Dr. Rutz, through his interest in athletics and care of athletic injuries, decided to become a Chiropractor. He graduated from the National College of Chiropractic in 1942, Cum Laude.

After time out for duty in World War II as a navy medical corpsman overseas, Dr. Rutz returned to National College for post graduate work until May, 1946, at which time he came to Oregon, taking the practice of Drs. Mabel and C.F. Easter and now maintains his office at 2124 N.E. Hancock Street in Portland.

Dr. Rutz has been very active in O.A.C.P. affairs since 1947. Serving as District #2 vice president that year, advancing to the District presidency vice 1949-50, then to State Association vice president in 1951-52 and will now lead the organization in the coming year. He has been a member of the O.A.C.P. executive board since 1947.

FINISHES TENURE

ESTACADA PHYSICIAN ADDRESSES ASSEMBLY

A bit of nostalgia seemed to be detectable in the words and manner of Dr. Ralph Svehaug, when, on May 23, he was the feature speaker at the Student Body Meeting.

The main thought Dr. Svehaug stressed was the fact that all the "tools of the trade" are forged here in the college and placed in our hands, and it is up to the graduating doctor just what he does with them. Confidence, in himself and his profession was all the doctor needed. Many instances in his own experience were cited to show his audience just how superior Chiropractic was to other healing methods. He also accentuated the important role the doctor can and does play in the everyday life of a community.

Dr. Svehaug also expressed his pleasure at seeing the forward strides the college has made in the few short years since his graduation. Good organization of the student body was, in his opinion, a prerequisite for progress.

The popularity of our guest speaker was clearly in evidence after the assembly when he was surrounded by many students bombarding him with questions. A masterful job of introducing the guest speaker was done by Hazel Falor, while our Student Body Representative, Ron King, formally thanked Dr. Svehaug in his usual suave and efficient manner.

It was nice seeing Dr. Svehaug again and we feel he has set a precedent for other graduates to return to their old alma mater and relate their experiences encountered while in practice.

During the business portion of the meeting a motion was passed giving a committee the "go-ahead" to work out a plan or system whereby a greater majority of the student body will take advantage of the facilities and fine selection of reference works of the W.S.C. library.

Dr. Frank Finnell, head of the EENT department of W.S.C., has moved his office location from the Times Building to the Panama Building.

Dr. F.J. Schmidt, Lovell, Wyoming visited the college last month.

Dr. Emil P. Schafer, a W.S.C. grad is now located at 996 W. 17th Avenue at Oak Street, in Vancouver, B.C.

Mrs. P.L. Poulsen, wife of the prominent Baker, Oregon Chiropractic Physician, has been appointed to the Board of Directors of the Oregon State College Alumni Association.

Dr. G. Paul Pringle, Seattle, Washington, class of '50, was a visitor the first week in June.

A nice letter from Dr. K.B. Bethke, Class of '51, which tells us that Ken has moved his office from Daland, S.D. to his permanent location in Clear Lake, S.D. Congrats and good luck, Ken.

According to Dr. R.D. Ketchum, Bend, District 8 has recessed for the summer months. Next meeting to be held September 6 at John Day. Dr. J.J. White will be host.

According to Dr. Ralph Anderson, North Bend, the Tri-District meeting of Districts 1, 5 and 6 will be held in Roseburg on Saturday and Sunday, September 13 and 14. Drs. Dalros and Mix will be hosts. All districts are invited to attend.

All districts are urged to send the SynErgist glossy prints of their officers and events.

Dr. Max E. Call, Moscow, Idaho, Class of '52, was an early June visitor. Max is sporting a new Mercury.

Don't forget the Symposium to be held at Western States College, by the National Council on Physiotherapy, August 18 to 23, address your inquiries to Dr. W.J. Gallagher, 4511 S.E. 63rd Avenue, Portland, Oregon.
