FOREST GROVE, OREGON

FROSH FACTS
by
GERALD LUDEMAN

The Freshman class raffle is under way. See the sign in Mal Beaver's window next door. A \$28 Admiral radio for the nominal sum of \$.50 per chance. How can you miss? Just see any of the freshmen for tickets. The raffle will take place the night of the "TOP HAT DANCE".

The entire freshman class wishes to express its' happiness over the return of Dr. L.R. Launer.

The election ballot for Student body offices seemed to have quite a number of members from the small but powerful frosh class. They were:
Les Wegner for Vice President
Lorene Beaver for Secretary
Gerald Ludeman for S.B. Representative

Some lucky person is going to win a new radio for 50¢. Why not you? Himmammm

Don't forget the TOP HAT DANCE, February 26, 1955, 9:00pm, here at Western States College.

JUNIOR JARGON

by
M. Cassell

The Junior class extends a welcome to its new classmate, Mrs. Shirley Caverly.

Some of the unique outfits worn in dissection lab: Doris Withers looks like something from outer space-----Also of note is John Hill's chapeau.

Congratulations are in order for Dr. Ralph Wigham, and Dr. Robert Pfeiffer. Just recently they returned from New Mexico with 100% marks on the Basic Science Examinations.

Item from Dr. Launer's Notebook:
"To avoid cystitis(urinary calculi), etc..., forget the one, two, three, finger system."

Both Judy Birzneck and Doris Withers received Valentines this year, but did you see the large gift Judy received in Obstetrics????????

EDITORIAL

The word "synergist" was suggested by Dr. Svehang, in 1950 as the name for the official publication of Western States College. Literally translated, it means "working Together." For continued success of Western States College as an independent, progressive institution, the Editor hopes that this phrase provides a living motto for every student, faculty member, and practicing physician in the field of Chiropractic, and Naturopathy.

SOPH SIGHS
by
bob

The sophomore class is very pleased with their new Pathology, Chiropractic Technique, and Clinical Lab instructor, Dr. Homer J. Beatty, D.C. who is from the mid-west. Congratulations, Dr. Beatty, keep up the good work.

The enrollment of our class was decreased by two after the final examinations of last semester. Specifically, Del Hamilton, and Chas. Greene. (The exams weren't that tough, or were they?)

John Hauck is making news lately. Some "dirty rat" ran into John's car and didn't stop. That has happened to others recently, hasn't it Jim?

Two members of our class, Kay Saito, and Stan Ricks are working in the lab full and over time due to the resignation of certain people. (It's good experience, boys)

The sophomore class offers its deepest sympathy to Merko Pozar and his family.

Due to the ingenious mind of ex-instructor, Dr. Stephens, some of the members of the class have adopted new names:

"Buckshot" Hayes

"Skully" Garrison

W.S.U.S.C
by
Blanche Durish

We all, I am sure, like to see the ladies represented (Jack, do be a good fellow, and a ree) so are hearty welcome to Freshman, Monica Tracy, the quiet yet enthusiastic Canadian Miss (and her bonnie plaids hand picked in Scotland), and to Junior Shirley Caverly. Shirley is the wife of Dr. Robert Caverly and winner of the National Council of Women Chiropractor's Scholarship. This is her first opportunity for resuming her schooling interrupted a few years ago.

Success to both of the gals !

Elections of Officers coming soon. All dues must be paid up to date for a member to be eligible to vote. Better pay and vote...

Last meeting, we had a superb lecture by Mr. Micheal of Northwest Vitaminproducts on Stress. A subject every modern physician should be learning more about.

And here is the big news:

Phi Nu Sigma has purchased the greatest aid to education since the invention of the little Red School House. A 3-D projector and 80 stereoscopic reels on the Head, Neck, and Central Nervous System. These pictures are so terrific we want the entire school to benefit by them. Consequently, we plan to offer a one hour showing, with lecture, twice a week from 2:30 to 3:30. Watch the bulletin board for details.

a

belated.....

HAPPY BIRTHDAY

And many more.

GOINZ ON
by
V. Thorneycroft

The Junior and Senior Classes are being enlightened by the Doctors in the field on specific subjects which are of interest to all. The dates and topics are listed at the far end of the main hall.

Dr. Appa Anderson is now conducting a special review-refresher course in X-ray technique for all Doctors and nurses in the field. If any Doctors are interested, call Pr 4-3255.

Western States College has also recently been host to the Civil Defense Department. On several different occasions, members of the Fire Department, Police Department, Red Cross, and Air Force spoke to enthusiastic audiences on their role in the important Civil Defense Project.

Another reminder of the TOP HAT DANCE this Saturday night.

With summer coming on, those of you who are not now working, or perhaps plan to change jobs over the summer months, should start putting in applications now. Believe me, it is not too soon.

Notice the remodeling and continued painting in the Business office. It looks real nice. (Pale Apricot?????)

Also notice the Clinic improvements under the capable direction of Dr. Frank Spaulding. It is the sincere wish of this paper that said improvements continue and students appreciate and utilize those facilities.

GENIUS AT WORK
by
Lee Davis

TO A WILD CANARY

What makes you so bright yellow, wee canary?

Did you fall amongst a bed of freshly
painted Daffodils

Still wet from Mother Nature's brush?

And that small patch of black upon your head
Must be a bit of night that fell upon you

Before the sun was fully up.

Where did you get your song, wee bird?

that makes one wonder how

So small a thing could hold so much of singing.

Is it a secret Mother Nature bade you keep
Within that tiny heart of yours

So full of joy?

"Here is a small token of appreciation for
your page... A Reader..."

W.S.C. ALUMNI NEWS
by
Dr. Beth Schmidt

The new year for W.S.C.A.A., under the direction
of the following newly elected officers:
President Dr. Bertram Smith
Vice President Dr. Appa Anderson
Secretary-Treas. Dr. Beth Schmidt
promises to be a dynamic year of achievement.

In carrying out the objectives of the Alumni
Association -- Advancement of Interest in the Profession;
Support of the College; -- a specific program of
obtaining equipment for the Clinic and increasing
the Building Fund is well under way.

For the success of this program, we must have
the complete interest and active cooperation of the
entire Student Body of Western States College and
every Alumni member.

Ed. note:

We wish to congratulate the Alumni Assn.
for the work that they have already done and
hope that the future brings continued
success and support.

V.T.
