

## Chiropractic Oath

*I do hereby swear, before God and these assembled witnesses — both corporeal and spiritual — that I will do my utmost to keep this, my sacred, trusted oath, as a graduate of the Western States College, that henceforth:*

*I will esteem those who have taught me this Philosophy, Science and Art of Chiropractic, and with this torch of knowledge, fashioned by Hippocrates, I will light the way to the understanding of those natural laws which preserve the human body, as a fitting temple for the soul of man.*

*I will keep the physical, mental and spiritual needs of the sick as my foremost duty, ever searching for and correcting the cause of their disease to the best of my ability, insofar as my science is in the highest precepts of my Alma Mater.*

*I will at all times stand ready to serve my fellow man, without distinction of race, creed or color, in my lifelong vocation of preventing and alleviating human suffering, wherever it may be found, by exemplifying in my own life a pattern of living in harmony with the laws of nature.*

*I will refrain from any act of wrong-doing, and will regard the keeping of a patient's confidence as a moral obligation; using any such information only in his or her best interests.*

*May God so direct the skillful use of my hands, that I may bring strength to the sick, relief to the suffering, peace of mind to the anxious, and the inspiration to mankind, to attain bountiful health; that we may live this life to the fullest expression of its innate endowments.*
