25 Year Contract Obtained

Dominican Sisters Extend Contract To H.R.F.

After a Fall and Winter of critical financial problems due to the failure of Continental Securities to live up to its contract. The Health Research Foundation was able to re-negotiate the original contract of purchase for the campus with the Dominican Sisters.

The new contract calls for payments of \$7500.00 a month the first year, \$7800.00 a month the second year. Thereafter, the payments will be amortized over a 25 year period. Interest has been established at 9%. After 11 years the mortgage will be refinanced, either with the Dominican Sisters or another agency.

Everyone can now help the college with regular payments to the Capital program. If 75 doctors will give \$100.00 per month the monthly payment can come directly from the Capital budget and the General Educational program can be managed from the Operating budget without cutting any needed equipment, supplies or staff.

If you had been involved with the Continental Securities program (Church Service) then you have been asked to send your contributions direct to the college.

Those of you who have not been regular contributors are asked to make out a pledge card and send a regular monthly amount that the college can count on.

Here's how we can pay off the new contract:

75 Doctors at \$100.00 per month	
or 150 Doctors at 50.00 per month	
or 300 Doctors at 25.00 per month	

WESTERN STATES COLLEGE LIBRARY
2900 N.E. 132nd Ave.
Portland, Oregon 97230

Which part will you be?

We have succeeded! We can now truly be the voice of the profession in the Northwest. Our Library facilities have been expanded dramatically with the purchase of the United Medical Laboratories Library. We have used our Grant from A.C.A. for the purchase of Radiological Teaching Aids, which can be used by the profession in the Northwest.

Our future plans include Continuing Education programs that will be timely and helpful to a majority of the profession. Groups interested in making arrangements for facilities, sponsorship or faculties for Educational programs should contact the college with their plans.

Mike Moscow, Business Manager

Mr. Michael Moscow became the Business Manager of Western States Chiropractic College in January replacing Mr. Ralph Arensmeier, who moved to Redmond, Oregon. Mike has many years of experience in the field of accounting. After receiving his degree in accounting he worked for the Deaconess Hospital at Des Moines, Iowa for a number of years.

For the past fifteen years Mike has worked for Noblecraft Manufacturing Company in Hillsboro. He has become a valuable member of the college staff in the short time that he has been there.

Dean of Students Named

President Warren has named Ms. Penny Amy as Dean of Students for W.S.C.C. Ms. Amy has been teaching at W.S.C.C. since the start of the fall 1974 quarter in the Microbiology Department.

Ms. Amy holds a Masters Degree in Science from Portland State University. She has previous teaching experience at Portland State University as a Laboratory teacher in Botany, General Biology, General Bacteriology and General Zoology.

CLASS ACTION SUITS FILED AGAINST CONTINENTAL SECURITIES

The Health Research Foundation has employed the services of Mr. Henry Carey a well known Portland Attorney to represent the Foundation in action against the Continental Securities Corporation, also known as Church Services.

President of the Church Services Organization, the Rev. Atwood Foster has been charged in the suits with sale of unregistered securities and the unlawful diversion of more than 3.3 million in investors funds in five other corporations in which Foster had substantial interest. Numerous other co-defendants have also been named in the suits.

The first suits was filed in Multnomah County Circuit Court by David Mac Fadden, D.C. Dean of Administration at W.S.C.C. in class action to regain all monies placed with the Church Services by any and all investors.

The most recent suit was filed in U.S. District Court by six individuals. They are John Schmidt, D.C., George Bentley, D.C., and Rodney Percy, D.C., all three members of the Health Research Foundation. The other three are students of W.S.C.C. Thomas Miller, Charles R. Hathaway and Roger Hiskey. All have participated in the Church Service program by purchasing Insurance certificates that were never delivered.

Originally Continental Securities had agreed to raise money for the purchase of the college by selling Life Insurance policies to members of the profession throughout the Northwest. Funds were to be derived from the insurance by borrowing 75% of the face value of the policy. The suits arise from the fact that the policies were never issued after the premiums were paid and Continental failed to make any payments to the Sisters of St. Dominic.

H.R.F. Appointment

A recent appointment to the H.R.F. Board of Directors is John Fabianek, D.C. of Federal Way, Washington. He is a graduate of Palmer College; class of 1965 and has practiced in Federal Way since 1966.

John is Certified by the Council of Chiropractic Orthopedist and is at present working on a certification program with the Council on Roentgenology.

Dr. Fabianek is a member of the Washington Chiropractic Association and is chairman of the Peer Review Committee. He is also a member of the Mt. Rainer Council, Boy Scouts of America Executive Board.
