

November - December, 1975

From the Staff and Faculty of Western States Chiropractic College

**Merry Christmas
and a
Happy New Year**

Alumni Officers Elected

An election of officers for the Western States Chiropractic College Alumni was recently conducted. Results of the election were:

Dr. Norman Hansel — President
Dr. Steve Oliver — Vice President
Dr. Les Wegner — Secretary-Treasurer
Dr. Ed Pahl — Director
Dr. Jeff Ronning — Director
Dr. Appa Anderson — Director
Dr. Arden Kirchen — Immediate Past President

Carry-over Directors are:

Dr. David MacFadden
Dr. Lou Schnacky

The new officers met at the W.S.C.C. Lunchroom recently and made as their primary goal the involvement of the profession in the financial needs of the school.

A system of contact will be developed as soon as possible whereby members will notify the alumni about the progress being made and where the greatest needs are.

Gary

**Zimmerman
Wins Award**

The highest annual citation of \$500 from the W.A. Budden Scholarship Fund was given to Gary Zimmerman on A.C.A. Day last September 18th. This memorial award is sponsored by the O.A.C.P. and based on scholarship and financial need.

Gary is a tenth quarter student at W.S.C.C. He plans to practice in Pendleton after he completes school this March. Gary is a graduate of Pendleton High School and attended Oregon State University. He was introduced to W.S.C.C. by Dr. Robert Pfeiffer of Pendleton.

We congratulate Gary on the receipt of the Budden award.

Editorial Comment

As I sit here at my motel, prior to meeting students at Rogue River Community College, I have a chance to sit back and reflect on the work of which I have been a part the past year and a half.

First, the stable condition of our finances which came about due to the hard work of our Health Research Foundation Board of Directors and the renegotiating of our contract with the Dominican Sisters has given us the new breath of life we needed.

Then, our growth demanded a stability in the administration of the college. Many educational requirements had been overlooked because we did not have the educational administrative knowledge necessary to become an outstanding chiropractic educational institution. With the selection of Sam Warren as President, many of our problems along this line have been solved.

Student services are now a reality. We can help our students through financial aid and Veterans Administration counseling. We also have the ability to help a student with our own aid fund due to the generous gift of Dr. Peters.

Faculty recruiting has been tremendously successful. We are certain that we have a staff second to none and we aim to continue to recruit only the best qualified people to serve our students. At the same time, we are developing programs to work with our non-chiropractic educators to make them aware of our health service and how their specialty fits into the needs of our students.

The need for long-range planning is of the utmost importance to students, faculty, staff and the board. Security in the educational process is necessary and will come with proper planning. Lack of security among students causes unrest and distrust. The same results can be seen with faculty and staff. Any good educational facility can demonstrate security through long-range planning. We have in process a long-range plan including all aspects of the college.

Now, for the not so easy to accomplish problem. *Support from the profession.* We must have your support to obtain our goal of full accreditation. Yes, I know all of the excuses that are given for not giving the college any help. But, let's analyze those privately and discard them in favor of a positive approach to the future of your college.

Your gifts are tax deductible. Most of our practitioners have an annual income that would allow them to give a considerable amount to their church, charity, youth service, or college of their choice without any loss to themselves due to the I.R.S. regulations.

Any practitioner interested in making Western States Chiropractic College a recipient in his will, or who might be in the position of making a tax deferred gift to the college should contact me for more information.

The solution to this problem of support — join one of the following giving groups.

Sustaining Member	\$25.00 to \$99.00 per year
Patron Member	\$100.00 per year or more
Leadership	\$500.00 per year or more
Guardian	\$1,000.00 per year or more

Send your check today and designate which level of membership you want to be in and we will send you a very good looking certificate of membership which is suitable for hanging in your office or waiting room.

Join in support of your college in the Northwest.

Thanks,

David C. MacFadden, D.C., Administrative Dean

Dr. Bolin President of OACP

Dr. Darald E. Bolin of Salem was presented the President's gavel of the OACP in closing action of the annual convention of the OACP-OCA September 20, 1975. He received it from out-going president, Dr. Ralph Hill of Portland.

Dr. Bolin, in chiropractic practice since 1961, served two years as resident chiropractor with the Cullen Clinic in Salem, after which he established his own office at 1803 Lansing Ave., N.E., in Salem. He attended the University of Oregon and the Palmer College of Chiropractic prior to his graduation from Western States Chiropractic College in 1961.

Dr. Bolin has served as an instructor in advanced technique, cervical x-ray interpretation and chiropractic philosophy at WSCC and recently authored a book now on the market entitled "The Philosophy of Chiropractic."

The new President served as Chairman of the OACP Public Relations Committee the fiscal years of 1971 through 1975, as an active member of the OACP Legislative Committee the past several years, and President of District 3 in 1965. He is also a past-president of the OACP Council on Orthorachiology.

He holds certification in the Basic Sciences in both Oregon and Nevada and is a recipient of the Certificate of Merit from the Columbia Institute of Chiropractic in New York. He is married to wife, Donna, who is a past-president of the OACP Auxiliary. They have two children.

Dr. Bolin brings to his office the benefits of a broad experience in private practice and in organized chiropractic activities, including legislative, public relations and education.

Dr. Bolin is also a member of the Health Research Foundation, Board of Directors. He serves as Clinic Chairman for the Board.

Auxiliary News

The month of December is just around the corner and activities are in the making for the Holidays. December 11th is the date for our next meeting at 7:30 p.m. in the N.E. Room of the Gym. December 13th from 3:00 — 5:00 p.m. is the date set for our annual Christmas Party. All families are welcome.

Santa Claus will be the guest of honor. December 17th is our next monthly bake sale. Special packages will be for sale for the Holiday Season. These packages will consist of homemade candies, cookies and breads and will make great gifts for any hostess. The first \$100.00 made on our bake sales will go to WSCC as a gift for the new clinic. Any monies after that will be made into a scholarship for a needy student.

A used clothing store is being planned at the moment. We are waiting for a final decision from the administration as to what room in campus will be available for our use. Again these proceeds will go into the scholarship fund. All clean and mended clothing in good condition will be accepted. Just bring them to the Administration Building and ask for Myra. Well, that's the news for this year, *Happy Holidays!*

*Everyone should have one of these
beautiful certificates hanging on their office wall*

Elliot Improving

Dr. Robert Elliot is reported to be improving and feeling much better. He sends his thanks to all for their continued good wishes and prayers, for his fast recovery.

Recognition Chiropractic Orthopedics

There are two certification programs approved by the C.C.E. — one in x-ray and one in orthopedics. The certification program in orthopedics includes completion of an approved course of no less than 300 hours followed by the passing of written, practical and oral examinations. The written may be taken immediately after completion of the course. The oral and practical can be taken five years after the beginning of the certifying course.

Western States Chiropractic College has sponsored several certifying courses. One conducted by F.M. Lips in Portland and courses in Washington, Idaho, Utah and Montana conducted by Henry West, Jr., D.C.

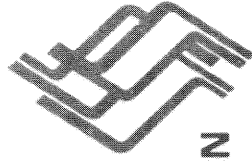

Six Oregon graduates of this certifying program have qualified and were examined last spring. Three of these graduates, Drs. G. Charburn, A.J. Johnson and R.D. Stonebrink, passed the examinations and have received certification in orthopedics by the American Board of Chiropractic Orthopedics. In addition, Drs. N. Singer and H. Matz of Washington are also certified. Drs. Singer, Matz and Stonebrink are teaching at W.S.C.C.

There is now a board certification course in progress in Pocatello, Idaho. For information contact Dr. Henry West, 1355 E. Center, Pocatello, Idaho 83201. Consideration is being given to the sponsoring of another certifying course in the Oregon-Washington area if there is sufficient interest. For further information, contact the Western States Chiropractic College, Department of Continuing Education, 2900 N.E. 132nd Avenue, Portland, Oregon 97230, 1-503-256-3180.

ALUMNI

Stindt, Randy, Class of 1950

We have just received word from Maxine Stindt of 2940 N. 2nd, Fresno, California, that Randy Stindt, P.C., passed away on August 3, 1975. Randy was born on May 3, 1920 in Topaz, Michigan.

New Faculty . . .

DR. WILLIAM C. DAVIS

Dr. William C. Davis is a welcome addition to the faculty. He has those traits that make a professional person. These include an in-depth knowledge in his field, good moral character, and a willingness to be of service to others. He is well liked by his students and his colleagues.

Dr. Davis received his B.S. from Talladega College, his M.S. from Tuskegee Institute, and his Ph.D. from the University of Idaho. His professional experience includes: Head of the Radioisotopes Department and Health Physicist at the United Medical Laboratories in Portland, Visiting Professor in the Department of Physical Sciences at Warner Pacific College, Head of the Biochemistry Department and Consultant at Physicians Medical Laboratories in Portland, and Director of the Albina Health Care Center.

Dr. Davis is married to Ocia Davis and has two children, Mark, age ten, and Cheryl, age thirteen.

DR. FRANK S. CARD

Western States Chiropractic College owes a special debt of gratitude to Dr. Frank S. Card. Dr. Card has enhanced the Anatomy Department by teaching Radiographic Anatomy as a conjoint course with Gross Anatomy by means of human dissection. Through his efforts the Radiographic Anatomy Laboratory has been improved with new view boxes, sets of normal anatomy films, and slide series of normal anatomy.

Dr. Card received his B.A. and M.S. degrees from Brigham Young University. His first three years of chiropractic education were from Palmer College in Iowa, with his senior year and graduation from Western States Chiropractic College. His major interests are in the clinical sphere with x-ray, orthopedics and nutritional aspects.

Dr. Card is married to Jeanne Card, the president of the district #2 Women's Auxiliary. They are the parents of four boys, ages seven, five, three and one.
