Arctic Weather Hits Campus

The College faculty and staff were ready for the Winter quarter to start on January 8th, with registration to commence at 9 a.m. All went well and students were looking forward to a full day of classes when on Tuesday the wind started blowing down the gorge and the freezing rain began to fall. By 8 p.m. it was almost certain there could be no school on Tuesday.

Morning dawned and ice was everywhere. The parking lot was an ice rink. The streets were almost impassable. School was closed. Wednesday came. Ice remained. Power lines were down all over the city. Many homes were without heat. The college Annex had no power. More of the same on Thurs-

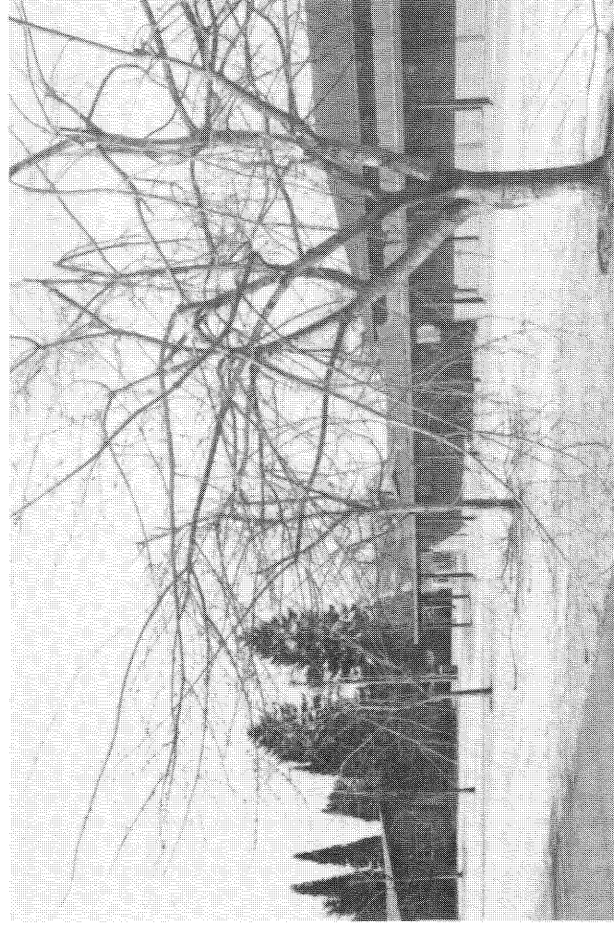

day. Certainly, we could have classes on Friday! But, that was not the case. The ice remained and the parking lot was impassable.

Classes did get started on Monday and class work makeup schedules are being planned for exam week.

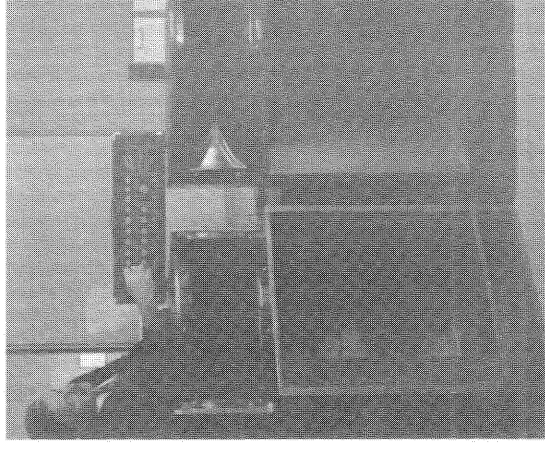

The only sign now on campus of the arctic weather is the destruction wrought by the ice on the trees and shrubs. Many limbs were broken and the weight of ice crushed shrubbery.

The administration is hopeful that some of the cost of cleanup and replacement will be carried by the college insurance company.

A warm and sunny spring is, we hope, right around the corner.

Sound System Donated

A sound system with the approximate worth of \$1200 was donated December 27, 1978 to the college by Dr. Robert Gambriel of Soap Lake, Washington. Dr. Gambriel is a 1950 WSCC graduate.

Dr. Gambriel read about the need for a better sound system in a recent REPORTER. When donating the equipment to WSCC, he said it could either be used as is or traded in on a system that would better benefit the acoustics of the auditorium.

Anabolic Grant Received

The Anabolic Foundation has selected WSCC to be the recipient of a \$2500 grant for the purpose of purchasing materials and equip-

continued on page 2

ANABOLIC GRANT RECEIVED

continued from page 1

ment to develop audio-tutorial teaching units in the area of nutrition. The materials have been purchased and are available in the library for faculty and student use.

Materials include programmed 35 mm slide sets and super 8 single concept film loops. These materials can be very useful aids for teaching basic concepts in the classroom or they may be used in an independent study environment. The college is extremely pleased to receive this gift from Anabolic Foods, Inc. of Irvine, California and the student body is already putting it to good use.

WSCC Receives HEW Grant

Dr. Bob Collins, Administrative Asst. to the Academic Dean and President, is pleased to announce that WSCC has been awarded a grant of \$3,963.00 by the Department of Health, Education and Welfare. WSCC has now been recognized by HEW for eligibility to participate in the College Library Resources Program. HEW's Office of Education clarified the Higher Education Act of 1965 to include institutions of chiropractic education. With this decision, the grant will be paid for a one year period from October 1979 to September 1980. The monies will help purchase library materials and audiovisual materials for the Instructional Media Center. The college may apply for an additional grant for the 1980-81 fiscal year.

WSCC Clinic Aids Children, Seniors, Neighbors

Presently involved in many public service programs, the WSCC Clinic located at 102nd and N.E. Holladay sponsored a neighborhood spinal clinic at the Walnut Park Fred Meyer store on February 3rd. An estimated 150 people took advantage of the free spinal analysis and blood pressure readings performed by interns from the Clinic.

A children's clinic will be offered February 19th, free of charge, to children, and provides several services by local professionals. Dr. O. Keene Clay, a Gresham optometrist, and optometric students from Pacific University who will conduct eye examinations. WSCC interns and local dentists will provide examinations in their respective fields for children.

March 29 — April 1 the clinic will assist in sponsoring WSCC at the second annual Whole Earth Environmental Expo '79 at the Memorial Coliseum. WSCC will have booth presentations ranging from spinal analysis to nutrition during the four day event. The Expo will create a unique and pleasing marketplace for goods as well as ideas with its 275 commercial and non-profit educational exhibitors.

Community Health Day will be celebrated April 4th & 5th at the Memorial Coliseum. This time WSCC will be one of 45 participating health organizations. Half will be dedicated to holistic health and the remainder will represent medicine.

Current clinic plans are for a Senior Citizens' Day to be held in the near future at the WSCC Clinic.

Spring Vacation

Staying in Portland? Volunteer for Expo '79 and help WSCC have a terrific booth. Three hour shifts. Ideas WELCOME! Need interns and students to do presentations, answer questions, promote WSCC and chiropractic. See Dr. MacFadden's secretary.

Fall '78 Graduation

On December 15, 1978 nineteen WSCC students received their Doctor of Chiropractic degrees. Of the graduates, two received their degrees Cum Laude.

President of the college, Dr. Richard Timmins, presided at the ceremony. Conferring of the degrees was by Dr. George Dunn, M.Ed., D.C., President of the Board of Trustees of WSCC.

Commencement speaker was Dr. Darald Bolin, D.C., a member of the Board of Trustees of WSCC. Dr. Bolin stated, "You are about to become a member of a team, the chiropractic profession. Let me emphasize, it is your responsibility to work as a team member. At no time is it professional or responsible to be independent. You depend on your colleagues and your colleagues depend on you." He went on to explain that team membership included membership in state and national associations, to serve on committees and to become leaders. Bolin also stated "This is your responsibility to belong to your alumni association and support your school for there will be no chiropractic without chiropractic schools."

Dr. Richard Stonebrink, D.C., former dean of WSCC, administered the chiropractic oath to the graduates and Dr. Alfred Peter, D.C. a clinic director gave the class challenge.

A reception followed the graduation ceremony held at a local church.

Participants of the seventy-eighth commencement exercises were as follows:

Bruce K. Beall, A.A.
W.A. Forwood, Jr.
Denny C. Freeman, B.A.
Joseph A. Grafeo, B.A.
Rodney V. Holland, B.S.
J.E. Hughey, A.S.
Iraj Jahangiri, A.A., B.A.
*Robert M. Keltz, B.S.
Steven L. Kinne

David J. Krall, B.A.
Timothy J. Krupa, B.A., M.B.A.
Irene Lamberti, B.A.
Richard S. Layman, B.S.

Charles T. McCrory, B.S.
David J. Oman, A.A.
Richard P. Plant, B.A.

Stephen G. Ray
*Susan E. Strom-Ray, B.A.
*Cum Laude

Student Body Statistics

Winter term enrollment at WSCC totals 499 students, including full and part time. According to a November 1978 survey, 89.7 per cent of the student enrollment is male, 10.22 per cent female. Oregon claims the highest home state position with 29 per cent; California has 21 per cent; Washington 11 per cent; New York 4.5 per cent. New students are predominantly male with 77.8 per cent, while 20 per cent of all transfer students are female.

Education background of the 171 students entering in the 1977-78 school year is: 89 have two years of college, 51 have Bachelor degrees, 23 have Bachelor degrees plus some graduate work, and 8 have Master degrees.

Student ACA Elects Officers

New officers for the WSCC chapter of the Student American Chiropractic Association were elected recently for the 1978-79 school year. Elected were Rick Waling, President; Roger Allen, Vice-President; Tony Esposito, Secretary-Treasurer; Bob Eleson, alternate Delegate; Roger Bentley, who was alternate Delegate last year, is now Senior Delegate.

A raffle to raise money for a new PA system was their first activity as new officers. A Springwall mattress, won by Sid Huryk, sixth quarter, raised \$134.00 with only one week left in the quarter. The PA system will be for the school auditorium.

From January 29 to February 2 the SACA sponsored a booth at Mt. Hood Community College's Annual Health Awareness Week Fair. The booth, open from 8 to 4, was attended by clinicians and students who used audio-visual materials to instruct those interested in WSCC

BOOKSTORE BUYS

The Bookstore has several exciting books that have been attracting attention lately including:

Title	Author	Price
847.0 The Whiplash Injury The Research Status of Spinal Manipulative Therapy	Frigard	\$10.20
The Neurobiologic Mechanisms in Manipulative Therapy	Dept. of Health, Education and Welfare	4.75
The Cervical Syndrome (4th Ed)	Korr	23.50
Annals of the Swiss Chiropractic Assoc. (WSCC is the only U.S. outlet for the Annals of the Swiss Chiropractic)	Jackson	20.00
	Vols. III, V, VI	17.00 ea.

Sale books include:

Biochemical Individuality	Williams	3.00
Chiropractic Spinography	Hildebrandt	10.00
Medicine & Chiropractic	Weiant	5.75

If you wish to order by mail, enclose an additional 10% for postage and handling charges.

The bookstore also stocks several items most other bookstores do not carry, such as Champion and Acme Juicers, woodstoves, vitamins and 40 lb. tubs of pure honey. Stop in if you are on campus and visit. You may find just what you've been looking for.

BOOKSTORE HOURS:

9:30-2:30 Monday-Thursday
9:30-1:30 Friday

Dr. Timmins Named in Who's Who

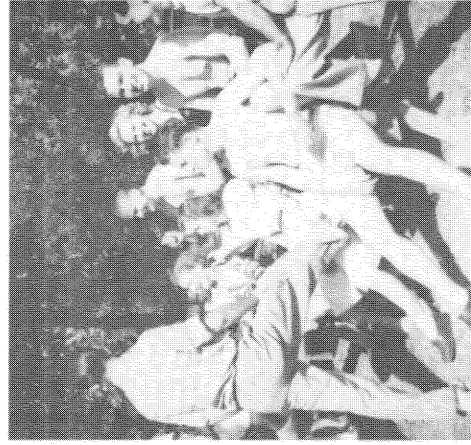

Dr. Richard H. Timmins, President of WSCC, has been named in the 1978-79 edition of *Who's Who in the World* which has just been published by Marquis Who's Who of Chicago.

The President holds a doctorate from the Columbia University of New York. He is also named in *Who's Who in America* and *Who's Who in Religion*. Dr. Timmins, is currently president of the Association of Chiropractic College Presidents and chairman of the International Relations in Education Committee of the Council on Chiropractic Education, the profession's accrediting body of colleges. Congratulations, Dr. Timmins!

Class of '50 Anticipates Reunion

Dr. Kenji Yaguchi is the chairperson for the Class of 1950 reunion to be held in about 13 months. To start the promotion off, a picture of part of the class of '50 at one of their frequent Blue Lake Park parties is offered below to jog memories and test identities. Checking the attire, we can assume that it was a warm summer day.

All members of the class of '50 should be sending "the editor"

Top row L. to R.: Ralph Svehaug, Jo Hill, Ralph Hill, Kenji Yaguchi. Bottom row: standing Jerry Kaye, Mrs. Svehaug, unidentified lady, Dr. Dave MacFadden.

brief writings about where they are, exciting things they have done over the past 30 years and other interesting facts. Also, send pictures to be used in The REPORTER and for a reunion brochure.

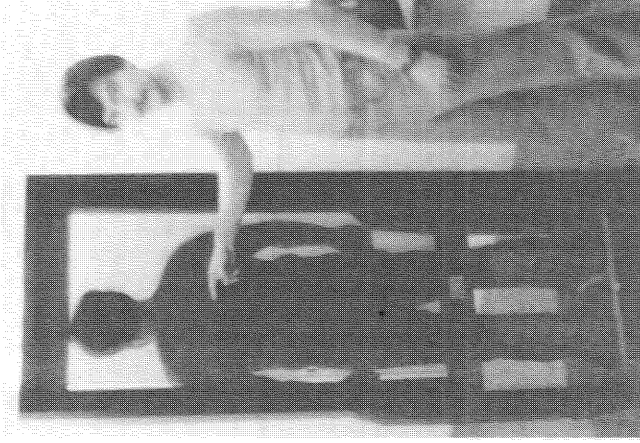

Dr. Yaguchi welcomes suggestions from you about where to have the reunion. The date will be set in conjunction with a spring homecoming. Dr. Yaguchi's address is 1602 S.W. 4th St., Ontario, Oregon 97914.

Copier Given to College

Dr. Richard Smith of St. Helens, Class of 1950, dropped by the campus recently and presented to the college an electrostatic photocopier to be used as needed, or in an exchange transaction.

Dr. Smith is an avid sailor and his new sailboat is moored at the Portland Yacht Club.

WSCC Campus Sees Improvements

Showers Converted

One-sixth of the original shower stalls remain in the gym and the other five-sixths have been remodelled to accommodate the physical diagnosis classes. Shower heads were taken out and holes filled and all was painted white. The walls were closed off at one end by paneled partitions. Dual purpose gold tweed carpet has been laid wall-to-wall to cover the cement floor. The three areas created benefit the students and class instruction and are also very pleasing to the eye. The space utilization committee does it again!

Dissection Lab Gets Cement

The busy dissection lab has been somewhat rejuvenated with new cement over the older, cracked cement floor and bright white paint on the walls. The new cement surface will be plasticized in the near future, according to lab supervisor Debra Cherachanko. The plastic will act as a sealer and make a smooth surface enabling the carts to roll more easily. The upgraded facility is a definite improvement to the dissection lab.

Board to use Fireplace Room

The Fireplace Room in the

science building has also met with new paint, a long with cleaned drapes and new light fixtures. The board of directors and other groups now meet in the fireplace room instead of in the foyer of Elliot Hall.

Channel 8 TV on Campus

A recent phone call from the Channel 8 TV program "Evening" led to television coverage of WSCC on January 18th at 7:30 p.m.

Starring in the show briefly as narrators were Dr. Appa Anderson and her X-ray interpretation class. Then, Dr. Ozzie Davis, with several of the students in Jr. Clinic, performed and instructed, very professionally we might add.

For the most part, the show did a good job of telling about the college, although there were some statements that would only continue the misconceptions of chiropractic education in the public's mind.

More of TV and radio coverage will be sought in the future with, hopefully, a more chiropractic slant to the reporting.

Students Named in Who's Who

Fifteen students from Western States Chiropractic College have been named to appear in the 1978-79 edition of Marquis' Who's Who Among Students in American Universities and Colleges.

Student selection by the president's office was based on scholastic achievement, extracurricular activities and dedication to the profession and institution. Who's Who Among Students encourages participation of student recognition from more than 1,000 American institutions.

Students honored this year from WSCC are from eleventh and twelfth quarters. They are: Lon C. Brouse, Portland, Oregon; Richard B. Clifton, Portland, Oregon; Abraham J. Cohen, Portland, Oregon; Ronald M. Crockett, Brooks, Oregon; Tony G. Esau, Salem Oregon; Jeffery E. Fitzthum, Shelton, Washington; Kevin R.

STUDENT ACA ELECTS OFFICERS

continued from page 4

and Chiropractic.

The Student ACA in cooperation with WSCC, the OACP and the OCA is starting a speaker's bureau to help spread the word about Chiropractic. Many doctors in the field and students are excited about this new approach of team speaking to civic groups and schools. The SACA officers from National College helped develop the speaker's bureau.

Also, in February a long with the Student Body and the SICA, the SACA will be sponsoring a Valentine's Day Dance.

Student ACA Day will be April 18, 1979.

STUDENTS NAMED IN WHO'S WHO

continued from page 3

Krausser, Hasbrouck Heights, New Jersey; Marc T. Lowenstein, Miami Beach, Florida; Elizabeth A. Olsen, Willowdale, Ontario; Daniel G. Patten, Yakima, Washington; Dale W. Robinson, Powell Butte, Oregon; Dennis V. Salisbury, Gordon, Nebraska; Harvey C. Schwartz, Upper Darby, Pennsylvania; Dan P. Warren, New Westminster, British Columbia; and Tyrone T. Wei, San Francisco, California.

ALUMNI ELECTS NEW OFFICERS

The WSCC Alumni Association elected new officers in December, 1978 for the 1978-79 year. Dr. Richard Balsiger was elected president, Dr. Richard Brouse is vice-president and Dr. Paul Danis is secretary-treasurer. The new officers will meet sometime in February to plan the new year's agenda. Topics they will focus on are homecoming dates, alumni calendar, class reunions, alumni association board of directors and fund raising activities. Results of this meeting will be reported in the next REPORTER.
