to Homecoming Banquet speaker  
Dr. W. Heath Quigley.*

## HOME COMING '78

Approximately 100 alumni, friends, faculty members and a few students attended the three day Homecoming activities at WSCC.

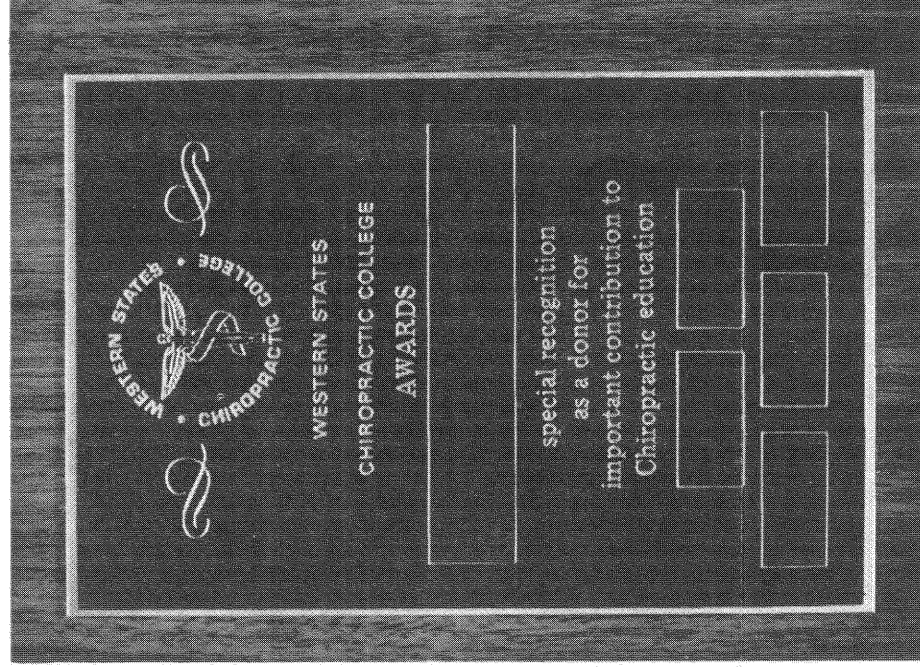

Activities started on Thursday evening October 26th with the Class of 1953 reunion that was organized by Dr. Appa Anderson. Dr. Anderson started building fires under her class some months ago but her efforts were not recognized by some of her classmates. When the day arrived, Appa had invited some folks as guests of the class and she had a full house. Mention was made of the college's need of a PA system at the gym and \$800 was raised toward the equipment.

### *Seminar Success*

Dr. Bud Grove and Dr. Lee Arnold started promptly on Friday

morning presenting "the most complete seminar on physical diagnosis I have ever seen at a convention or Homecoming," according to Dr. MacFadden. Many people were heard to say that the program was well put together with demonstrations, audio visual presentations and never a dull moment.

Besides the excellence of the program, it can be said that the participants were prompt in returning from breaks and completely attentive. Even the Sunday morning hours were well attended, which just proves the participants were well pleased with the entire seminar.

#### *Special Deministrations*

Clyde Siva Ford, a student at WSCC, presented a program on "Chiropractic Information Processing System" (CHIPS). The presentation was audio visual with much of the photography contributed by Joseph Graffeo, also a student at WSCC.

Besides showing the Doctor of Chiropractic the value of the computer, several everyday uses

## *Dr. Grove & Dr. Arnold Seminar*

*Dr. Arnold demonstrating techniques used in making a correct diagnosis.*

were described that could save the college hours of time and increase the efficiency of the operations.

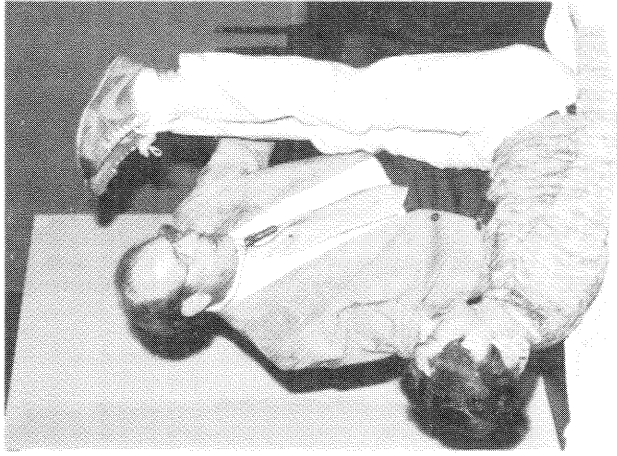

Ford and Graffeo also had a booth at Homecoming demonstrating the computer systems and services of the Chiro-Comp Company.

Dr. Paul Feldman, Ph.D. pre-

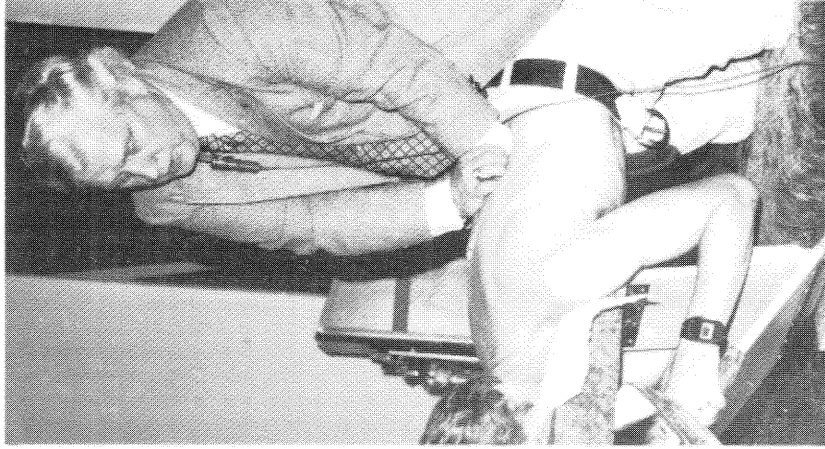

sented an interesting hour on the Psychological Aspects of Clinical Chiropractics. Dr. Feldman is planning to have a workshop on campus in the next few weeks.

#### *Business Affairs Covered*

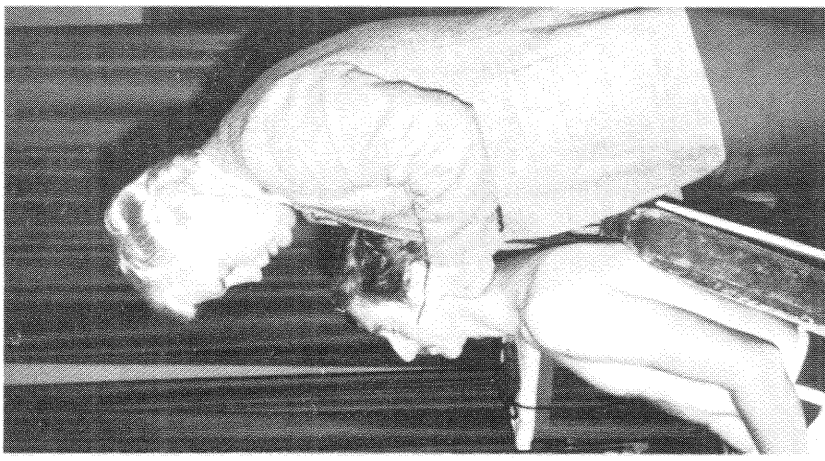

President of the Western States Chiropractic College Board of Trustees, Dr. George Dunn address-

*Legs straight, neck raised. If there is a lesion, pain will be generated.*

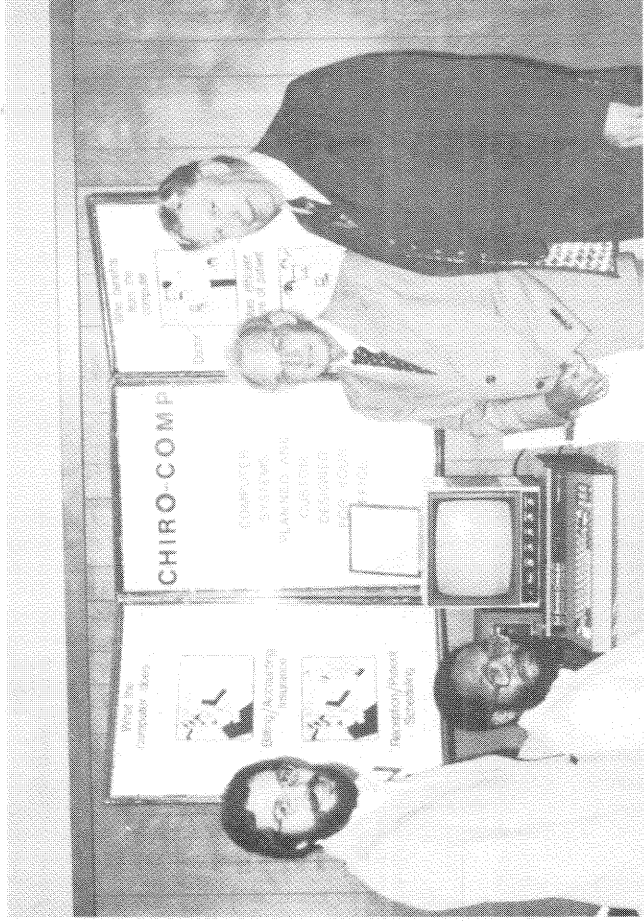

*Dr. Grove demonstrating the techniques taught during the seminar.*

*Cervical adjusting being demonstrated by Dr. Grove.*

## Homecoming '78

Dr. Timmins and Dr. W. Heath Quigley discuss computers with students from left Joseph Graffeo and Clyde Siva Ford.

ed the participants on Friday. He explained the change in corporation status and the formation of a new and separate Health Research Foundation with Dr. Dan Wilson as the President.

Dr. Dunn also mentioned the problems on campus last spring with some background and explanations of people and organizations involved. He said it is clear that the Board supports the administration of the college.

### \*\*\*\*Awards\*\*\*\*

On Saturday an Awards Assembly was held with the following presentations being made:

Springwall Scholarships were presented by Jean Dyar of Brighton, Colorado to:

|                   |            |
|-------------------|------------|
| Lon Brouse        | \$500 each |
| Tyrone Wei        |            |
| Larry Novick      |            |
| Mary Alice Duncan |            |

Oregon Association of Chiropractic Physicians Auxiliary Scholarships presented by Virginia Pullen, Secretary, to:

|                |       |
|----------------|-------|
| William Chapko | \$300 |
| Judy Fox       | \$300 |

W.A. Budden Scholarship presented by Dr. Les Pullen, President Elect of the OACP, to:

|              |       |
|--------------|-------|
| Robert Kelty | \$850 |
|--------------|-------|

Holistic Health. A style show was next on the program. Joanne's, a local shop, made the fashions available and staff members served as models. Luncheon was enjoyed by the group at the Chinese Garden Restaurant where a member of the WSCC staff, Dr. Ozzie Davis, was speaker.

An afternoon Chiropractic Assistants program was held with Rae Ferguson, President of the Washington State C.A. Association officiating.

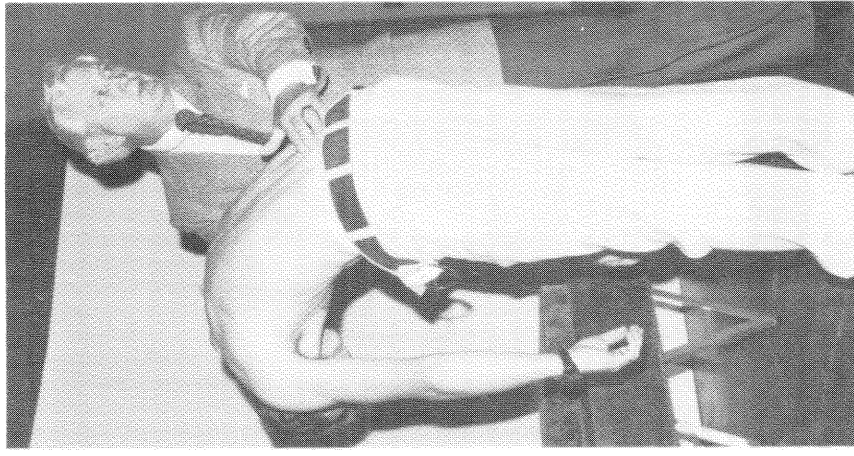

### Homecoming Banquet

An outstanding banquet was served at the Airport Sheraton Saturday evening. Dr. W. Heath Quigley was banquet speaker. He spoke regarding chiropractic's past and his childhood as a member of the Palmer family. Dr. Quigley's aunt was Dr. Mabel Heath Palmer, wife of Dr. B.J. Palmer. He had many interesting experiences growing up in the Palmer household. Dr.

Dr. Grove palpating the patient's spine.

*From l to r Dr. Lee Arnold and Mrs. Lee Arnold, Mrs. Albert Grove and Dr. Albert Grove.*

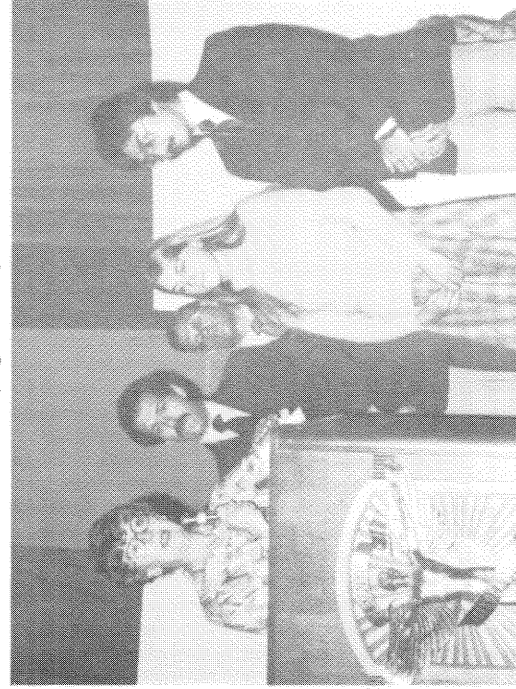

*Dr. Bob Clifton has Cecily Lansford draw the winning ticket. Dr. Dangerfield won the top prize - a color TV set.*

*Winning participants of the auction of the Homecoming centerpieces to benefit the PA fund are Dr. John Fabianek, President of the WCA (highest bid); Mrs. Jo Timmins, Chairperson of the PA Fund; Mrs. Carmen Weakland, Secretary to Dr. Timmins and recipient of flowers. Robert Eleson, WSCC Student Body Treasurer and auctioneer, and President Timmins (highest bid).*

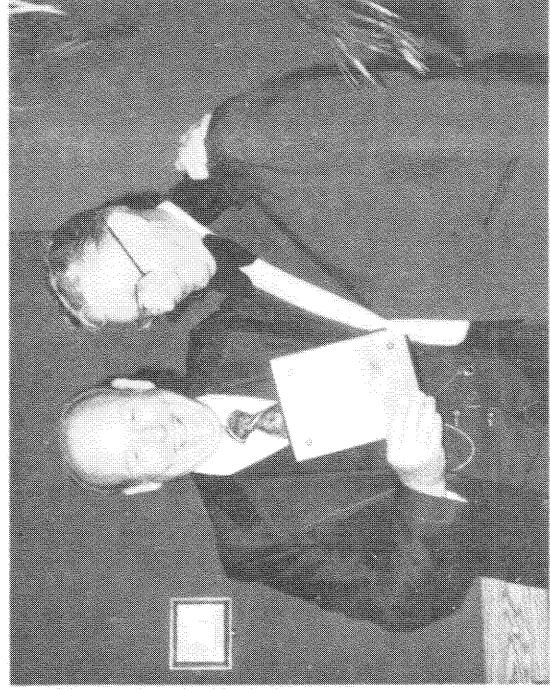

*Jean Dyer of the Springwall Foundation presents gift of \$1000 to Dr. Timmins for use towards the college's new X-ray laboratory in the Student Health Center.*

*Jean Dyer of the Springwall Foundation presents scholarships to Larry Novick, Lon Brouse, Mary Alice Duncan, Tyrone Wei.*

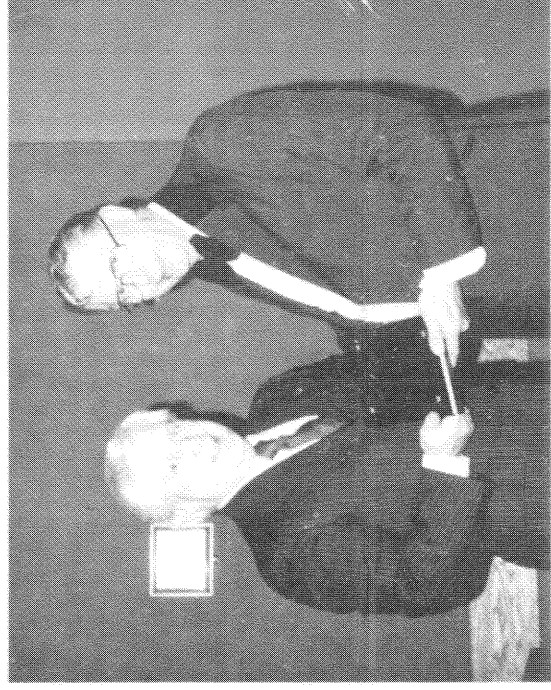

*Banquet participants Dr. & Mrs. Richard Timmins, Dr. & Mrs. David Mac Fadden.*

*Dr. Timmins presents a plaque in appreciation to Dr. Lee Arnold.*

*Dr. W. Heath Quigley congratulates Dr. Allen Dangerfield, winner of the Colored TV set.*

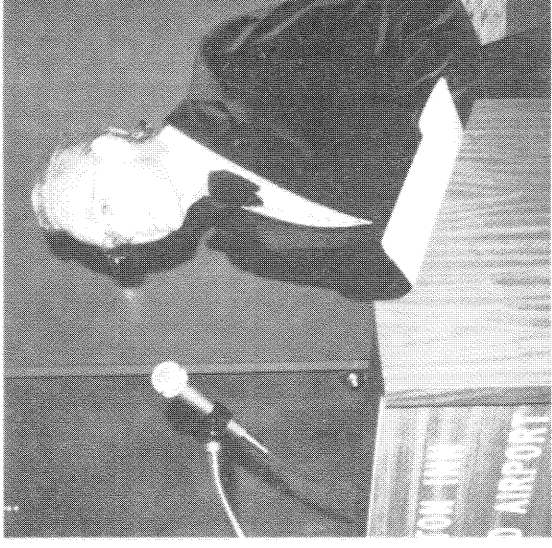

*Dr. Timmins presents a plaque to Dr. Albert (Bud) Grove in appreciation for his service to the college.*

*Dr. Timmins flanked by his wife Jo Timmins on the left and Dr. Jo Hill on the right. The can holds donations to the new PA system.*

*Dr. George Dunn Timmins, President of the Board of Trustees of W.S.C.C. presenting a plaque of appreciation to outgoing Vice President Dr. Dan Wilson. Dr. Wilson will become the President of the newly formed Health Research Foundation.*

*Dr. W. H. Quigley, banquet speaker.*

continued from page 4

Quigley is President of Los Angeles Chiropractic College. His brother Dr. Richard Quigley of Tacoma, Washington was present at the banquet with his wife Justina. Dr. Richard Quigley is the Secretary of the Council on Chiropractic Education.

Jean Dyar, Representative of the Springwall Foundation, was at the banquet and made a gift to the college of \$1000 with a suggestion that it be used towards the completion of the oncampus x-ray facilities.

Dr. George Dunn, President of the Board of Trustees of WSCC, presented a plaque to Dr. Dan Wilson for his many years of faithful service to the Health Research Foundation.

#### *PA Soon*

A report was made regarding a special fund for a new Public Address system in the college gym. Cochairpersons of the Committee to raise the funds are Mrs. Jo Timmins and Dr. Jo Hill. Mrs. Timmins reported on a successful Shopper's Fair held at the campus on October 21st and the addition of funds from the 1953 class reunion. Jean Dyar presented a chiropractic mattress set and the proceeds from the sale of raffle tickets will be added to the fund.

Several pledges were received from the floor from doctors and students. Two-thirds of the \$3,000.00 goal of was reached by evening's end.

#### *Dr. Danglefield Wins*

Alumni President, Dr. Robert Clifton told about the activities of the Alumni Association and to further help the college, they had sold raffle tickets for a colored television. He said the proceeds would go towards the PA system project. The drawing was held and the winner was Dr. Allan Dangerfield. Dr. Clifton mentioned the alumni election of officers. He said ballots will be sent to all alumni in the near future.

#### *Phonathon Coming*

Student Body President Rick Dorenzo told about the activities of the student body and of their enthusiasm and interest in helping the college give them an educational opportunity unparalleled in chiropractic history. He mentioned that the student body corporation will be contacting doctors in the field shortly to invite them to participate in donating to college program. They are also interested in improving student relations with practitioners.

#### *WSCC Update*

A brief update concerning the college activities of the past year was given by Dr. David Mac Fadden,

Vice President for External Affairs. He touched on the growth of the college during the past year in numbers of students, number of staff and the growing needs in funding from sources other than tuition and fees.

At the conclusion of the banquet, "The Ritz" dance band played until 1 o'clock A.M. with many of the dinner guests staying through the evening.

## **Dr. Wayne Nelson, Madras, Dies**

*A memorial service was held for Dr. A. Wayne Nelson on Thursday, November 16, 1978 at the Methodist Church in Madras. In lieu of flowers, the family requested donations be sent to Western States Chiropractic College. Dr. Nelson was 67. He is survived by Dr. Geneva E. Nelson.*

## New X-Ray Machine for Student Health Center

WSCC is pleased to announce that the Pacific X-ray Corporation has donated a Bennett x-ray machine for use by the college in its Student Health Center on the main campus. The machine features full-wave, solid-state rectification at 300 M.A. at 125 K.V.P. The market value of this piece of x-ray equipment is approximately \$19,000.

It is expected that the new equipment will be installed during late December or early January. The college will be responsible for providing space in the Student Health Center which meets all of the requirements for the state's radiation regulations. Work on this facility is expected to begin in middle December when the fall quarter ends.

It is expected that this x-ray equipment will add measurably to the quality of health care to be

provided in the Student Health Center. In addition, the new Bennett x-ray machine will provide interns with an opportunity to become familiar with x-ray technique at an earlier period in their education. Plans call for first quarter students to have spinal x-rays taken which, in turn, will be used by the student in several of the courses now requiring x-rays; for example, Radiographic Anatomy, X-ray Marking and Adjustive Technique.

The college deeply appreciates this donation by the Pacific X-ray Corporation and for the many advantages it will provide in the education of young chiropractors.

### WHO'S WHO?

## News Release from FCER

Dr. Van Mericas, President of the Foundation for Chiropractic Education and Research announced on October 15th that the Foundation will sponsor a mini-giant program, to run from November 1, 1978 through March 31, 1979. This program will make it possible for the college research directors to gain access to small amounts of money (less than \$1,500) to fund modest projects, faculty exchange programs, etc.

Dr. Mericas stated that this type of program will go a long way to stimulate student and resident projects which have, up to this time, faced failure because of the lack of a few hundred dollars.
